With forty well structured and easy to follow topics to choose from, each workbook has a wide range of case studies, questions and activities to meet both an individual or organization's training needs. Whether studying for an ILM qualification or looking to enhance the skills of your employees, Super Series provides essential solutions, frameworks and techniques to support management and leadership development.

Written by a team of experts in Caribbean business education, Principles of Business for CSEC(R) engages students with the fundamental concepts of business, and encourages the development of their critical thinking and entrepreneurial skills.

"The Guide, in Part I, begins with a brief description of generalized CEA and how it relates to the two questions raised above. It then considers issues relating to study design, estimating costs, assessing health effects, discounting, uncertainty and sensitivity analysis, and reporting results. Detailed discussions of selected technical issues and applications are provided in a series of background papers, originally published in journals, but included in this book for easy reference in Part II." (from the back cover).

Principles of Accounts for CSEC 2nd edition prepares students for the examination as well as post-secondary, professional studies and entry-level employment. The textbook and accompanying workbook match the syllabus exactly to ensure students are working effectively through the course towards the examination.

"Principles of Accounts for Caribbean Examinations is primarily for students preparing for the Caribbean Examinations Council CSEC(r), Principles of Accounts examinations. The text mirrors the syllabus, making it easy for teachers and students to follow; and available answers allow students to work on their own or with supervision. The authors present basic principles in an engaging and practical style making Accounting accessible to users at all levels. Users will find this book comprehensive yet concise. Each of the 20 chapters begins with a brief topic overview. The concepts are illustrated by figures and tables and by everyday examples familiar to students. Questions round out each chapter. &quo

Supplemental materials of Caribbean History Core Course and Caribbean History Themes Vol I & II for Caribbean Secondary Examinations Council (CSEC).

Newly updated to match the latest syllabus, Principles of Business for CSEC 2nd edition focuses on the theoretical and practical aspects of business that apply to the Caribbean's diverse economic environment. Written by a team of experts in Caribbean business education, it engages students with the fundamentals of business and encourages the development of their critical thinking and entrepreneurial skills.

Guide students through the new syllabus with a full-colour, revised edition of a well-known and trusted title, and prepare them for post-secondary and professional studies in Accounting. - Ensure students understand a range of theoretical and practical techniques used in accounting. - Enable students to participate more effectively and responsibly in today's business environment and improve management of budgeting, savings and investment. - Navigate the revised syllabus with ease with a book matching the structure and coverage, as well as including a detailed section on the Student Based Assessment with an annotated example to help students when planning their own. - Prepare for examinations with the 'Helpful hints' feature, containing study tips, practice tips and examiner tips; practice questions are also included in the Student eTextbook. - Make topics relatable with case studies included.
