A systematic review of reviews: Recruitment and retention ...

This systematic literature review confirms that rural social enterprises are characterised by strong local involvement with an ability to combine different goals and resources. Based on this review, we suggest that the rural and local contexts, often combined with tailored external support, are important factors in enabling rural social enterprises.

---

Rural social enterprises in Europe: A systematic ...

A systematic review is a complex piece of research that aims to identify, select and synthesise all research published on a particular question or topic. Systematic reviews adhere to a strict scientific design based on pre-specified and reproducible methods. They provide reliable estimates about the effects of interventions.
