Administrative Theories and Management Thought: Amazon.co ...

The administrative theory is given by Henri Fayol, who believed that more emphasis should be laid on organizational management and the human and behavioral factors in the management. Thus, unlike the scientific management theory of Taylor where more emphasis was on improving the worker's efficiency and minimizing the task time, here the main focus is on how the management of the organization is structured and how well the individuals therein are organized to accomplish the tasks given to them.

*Administrative Theories And Management
Thought [EBOOK]*

Administrative Management Whereas scientific management focuses on jobs of individual workers, administrative management concentrates on the management of an entire organization. The primary contributors to the field of administrative management were Henri Fayol (1949), Luther Gulick and Lyndall Urwick (1937), and Max Weber (1947).

Offers a lucid and comprehensive account of the contributions of eminent theorists to the study of public administration and management. This textbook introduces its readers to the works of 32 esteemed thinkers in the field of administrative theories. It provides life sketches of all the thinkers along with an outline of their contributions and a critical discussion of their seminal work. With focused emphasis on individual thinkers, the book covers all the major administrative theories that have evolved over the last 600 years, such as the oriental, classical and administrative schools of thought, organizational humanism and public choice theories of administration. The impact of postmodernism,
