Applied Corporate Finance : Aswath Damodaran : 9781118808931

The fourth edition of Corporate Finance takes an applied approach to cover all the latest research and topic areas important to students taking Finance courses. The new edition provides an international perspective on all areas of corporate finance and has been updated to include discussion on current trends such as the rise of populism and trade barriers on international finance, the advent of Financial Technology, and key regulatory changes impacting the sector.

Corporate Finance, 4e : David Hillier : 9781526848086

This is an excellent introduction to applied corporate finance. It does not require any prior knowledge of economics or finance, but knowing some calculus is certainly useful. As the title implies, the book focuses on applied corporate finance. For those readers seeking a more theoretical approach, I would recommend the treatise by Jean Tirole.
