~~Aptitude Quiz Test - 100 Aptitude Questions with Answers~~

Typically, tests present the candidate with some information and ask them to use this information to answer a question, usually providing a number of possible answers. The more questions the candidate answers correctly within the time limit, the better their score will be. While some aptitude tests will only focus on one type of thinking (either verbal or numerical reasoning, for example) some will have multiple sections that will test various different types of skills.
