anthology of subrogation-related legal information and insurance resources ever put to paper. It is the last and most anticipated of the subrogation trilogy, and a book which will serve as the “ bible ” for any insurance company writing personal lines or commercial auto policies. It is destined to become the standard work and reference for attorneys, insurance companies, and subrogation industry professionals. Every year there are more than 7 million auto accidents in the United States with a financial toll of more than \$300 billion. Nearly 3 million people are injured and 42,636 people are killed. In the overwhelming majority of these accidents there is at least one party at fault. For virtually every one of these accidents, a policy of automobile insurance provides some sort of claim payments or

benefits. In the vast majority of those claims, one or more insurance policies and/or applicable state law grants the insurer a right of subrogation against a negligent third party whose carelessness caused the accident. This book is the bible on subrogating those claims. This book covers the nuts and bolts of auto subrogation in all 50 states, covering every topic imaginable -- including PIP, Med Pay, UM/UIM, property claims, deductible reimbursement, no-fault subrogation and more. It surveys the laws of every state and provides descriptions of every type of auto coverage imaginable, as well as the statutory, case law, and regulatory authority governing every aspect of auto subrogation. If you have subrogation responsibility involving auto claims, you need this book. It universally

Without Coverage examines the real consequences for adults who lack health insurance. The study presents findings in the areas of prevention and screening, cancer, chronic illness, hospital--based care, and general health status. The committee looked at the consequences of being uninsured for people suffering from cancer, diabetes, HIV infection and AIDS, heart and kidney disease, mental illness, traumatic injuries, and heart attacks. It focused on the roughly 30 million -- one in seven--working--age Americans without health insurance. This group does not include the population over 65 that is covered by Medicare or the nearly 10 million children who are uninsured in this country. The main findings of the report are that working-age Americans without health
