From the New York Times Bestselling Author and Co-Star of Fox's American Grit comes a rare and powerful book on the art of being a sniper. Way of the Reaper is a step-by-step accounting of how a sniper works, through the lens of Irving's most significant kills - none of which have been told before. Each mission is an in-depth look at a new element of eliminating the enemy, from intel to luck, recon to weaponry. Told in a thrilling narrative, this is also a heart-pounding true story of some of The Reaper's boldest missions including the longest shot of his military career on a human target of over half a mile. In Iraq and Afghanistan, Nick Irving earned his nickname in blood, destroying the enemy with his sniper rifle and in deadly firefights behind a .50 caliber machine gun. He engaged a Taliban suicide bomber during a vicious firefight, used nearly silent sub-sonic ammo, and was the target of snipers himself. Way of the Reaper attempts to place the reader in the heat of battle, experiencing the same dangers, horrors and acts of courage Irving faced as an elite member of the 3rd Ranger Battalion, 75th Ranger Regiment, while also examining the personal ramifications of taking another life. Readers will experience the rush of the hunt and the dangers that all snipers must face, while learning what it takes to become an elite manhunter. Like the Reaper himself, this explosive book blazes new territory and takes no prisoners.

A Zen poem is nothing other than an expression of the enlightened mind, a handful of simple words that disappear beneath the moment of insight to which it bears witness. Poetry has been an essential aid to Zen Buddhist practice from the dawn of Zen—and Zen has also had a profound influence on the secular poetry of the countries in which it has flourished. Here, two of America's most renowned poets and translators provide an overview of Zen poetry from China and Japan in all its rich variety, from the earliest days to the twentieth century. Included are works by Lao Tzu, Han Shan, Li Po, Dogen Kigen, Saigyô, Bashô, Chiao Jan, Yuan Mei, Ryokan, and many others. Hamill and Seaton provide illuminating introductions to the Chinese and Japanese sections that set the poets and their work in historical and philosophical context. Short biographies of the poets are also included.
