Bash Bash Revolution is a fascinating and timely book from author, publisher, and podcaster Douglas Lain. Don't let the cover turn you off--this is far more than a young adult novel despite its coming-of-age frame. It's set in an alternate version of the US in 2017 where nuclear war is even more imminent than it already seemed at the time.

The betrayal is life-shattering, and Matthew decides to give chase, in the process discovering the true nature of the government-sponsored artificial intelligence program his father has been involved in. Told as a series of conversations between Matthew and his father's artificial intelligence program, Bash Bash Revolution is a wildly original novel of apocalypse and revolution, as well as a poignant story of broken family.
