An Entertainment Weekly "Must Read" • One of the NPR Book Concierge's "Best Books of the Year" "Twisty and told from multiple perspectives, this meaty thriller races to a satisfying finish." —People magazine "The intensity of the storytelling is exhilarating and unsettling." —Booklist (starred review) Twenty-six years ago Hannah had her eye shot out. Now she wants justice. But is she blind to the truth? "Arresting...Twisting backward and forward in time, entering the minds of each character in turn, Yates examines both how they reached this point and what happens years later, when the past wreaks havoc on the present...[A] sophisticated...elegant narrative." —The New York Times "The plot is darkly, intricately layered, full of pitfalls and switchbacks, smart and funny and moving and merciless." —Tana French, New York Times bestselling author of In the Woods and The Trespasser "Dark, intense, and disturbing...Highly recommended." —Krysten Ritter, author of Bonfire "Two of life's delicious pleasures—gourmet delectations and a sinister, plot-twisty tale—come together in this intelligent thriller." —Oprah.com Christopher J. Yates's cult hit Black Chalk introduced that rare writerly talent: a literary writer who could write a plot with the intricacy of a brilliant mental puzzle, and with characters so absorbing that readers are immediately gripped. Yates's new book does not disappoint. Grist Mill Road is a dark, twisted, and expertly plotted Rashomon-style tale. The year is 1982; the setting, an Edenic hamlet some ninety miles north of New York City. There, among the craggy rock cliffs and glacial ponds of timeworn mountains, three friends—Patrick, Matthew, and Hannah—are bound together by a terrible and seemingly senseless crime. Twenty-six years later, in New York City, living lives their younger selves never could have predicted, the three meet again—with even more devastating results.

Based on the startling revelations that the author presented in his adult-level 1491: New Revelations of the Americas Before Columbus, this book for young readers is a fascinating full-color journey into the world of the many advanced cultures that populated the Americas before the arrival of European explorers.

Excerpt from The Citizen Soldiers at North Point and Fort McHenry, September 12& 13, 1814: Resolves of the Citizens in Town Meeting, Particulars Relating to the Battle, Official Correspondence and Honorable Discharge of the Troops In the compilation of this volume, the publisher has been guided by no other wish than to present a correct and impartial statement of the various Divisions, Brigades, Regiments and Companies, with the rank of every citizen who had the honor of serving his country on the twelfth and thirteenth of September, 1814, at North Point and Fort McHenry. The extracts are copied from the original rolls on hie in the 3rd auditor's office of the War Department, and should errors occur in any of the companies, by the insertion of the names of individuals who were not present at the battle, or by the non-appearance of others, and by the varied rank of any of the officers, the error must be attributed to their own accounting officer, and be satisfied that it was the wish of no one to hold back the services of any, or to add any renown where it did not justly belong. The publisher also regrets his inability to obtain any thing like correct information respecting the Virginia and Baltimore County troops - as soon as received, it will be printed.
