Winner of the Foundation for Coast Guard History's award for a brilliantly researched chronicle of shipwrecks along the New Jersey Shore from 1642 to the present day. *New Jersey Shipwrecks* takes us on a gripping voyage through the "Graveyard of the Atlantic," a name bestowed upon the state's treacherous shoals and inlets. Before this coastline became a summer playground of second homes and resort beaches, it was a wild frontier of uninhabited and shifting sandbars. From the days of sail to steam and oil, ships (and submarines) have been drawn to this coast. And, for thousands of vessels, it became their final resting-place. Early rescuers braved the seas in small boats, using simple buoys and rope to help victims. Others invented new technologies to assist in rescues. Quoting from original letters and reports, *Shipwrecks* reveals the sense of duty and honor which prevailed in these brave rescuers. Many devoted their lives – literally – to help save others whose lives were turned upside down in stormy Atlantic waters. From the early wrecks of the 18th century to the present day, the life-and-death drama of maritime disasters is captured in *Shipwrecks*, along with the history of the U. S. Lifesaving Service (later to become the Coast Guard), lighthouses, legends, and true accounts of heroism. 142 historic photographs and illustrations are displayed in this quality, large-format softcover, which also includes a listing of the hundreds of wrecks along the New Jersey Shore, as well as an index and bibliography.

Retirement ROCKS is an insightful case study of the Golden Age that offers both great new opportunities and deep, heartbreaking challenges. Since June 2007, the author and her gringo have embarked in this stage with enthusiasm and zest: they moved to a small retirement home and experimented with activities and relationships that fit their interests and abilities. Retirement ROCKS because it can be incredibly rewarding and adventurous as we leave behind the normal worries of child-rearing and professional pressures, and it ROCKS because it will inevitably bring the disappearance of treasured loved ones and the health decline that we all must face. This autobiographical personal monograph pictures the daily routines of Maria and Bill in their late sixties and early seventies, detailing the specifics of adapting to their new environment. It has humor and pathos. The family and friends relationships reflect universal themes. It includes travel journals of their world explorations (Scandinavia, Mediterranean, Russia, China, and more), as well as practical examples of their activities and their choices. It will provide entertaining, informative, and useful reading for those approaching and those benefiting from the technological medical advances which have afforded us this unprecedented gift of a long life and a rich old age.

This comprehensive collection of 38 cases selected from Ivey Publishing helps students understand the complex issues that marketing professionals deal with on a regular basis. The cases were chosen to help students apply conceptual, strategic thinking to issues in marketing management, as well as provide them with more practical operational ideas and methods. Cases were chosen from around the world, from small and large corporations, and include household names such as Twitter, Best Buy, Ruth's Chris, and Kraft Foods. The majority of the cases are very recent (from 2009 or later). Each chapter begins with an introductory review of the topic area prior to the set of cases, and questions are included after each case to help students to think critically about the material. *Cases in Marketing Management* is edited by Kenneth E. Clow and Donald Baack, and follows the structure and goals of their textbook *Marketing Management: A Customer-Oriented Approach*. It can also be used as a stand-alone text, or as a supplement to any other marketing management textbook, for instructors who want to more clearly connect theory and practice to actual cases.
