Chapter 8 Capital Budgeting Process And Techniques

Capital budgets evaluate long-term capital projects such as the addition of equipment or the relocation of a plant. This chapter examines the master budget, which consists of a planned operating budget and a financial budget. The planned operating budget helps to plan future earnings and results in a projected income statement.

7.1 Introduction to Budgeting and Budgeting Processes -

The decision to invest is a continual challenge, requiring insights into a firm's strategic direction, bottlenecks, cash flows, and expected risks. The Capital Budgeting course provides clarity by describing the process flow for capital requests. It also covers the primary methods for determining whether a proposed investment is acceptable, as well as a number of strategic and risk-based considerations.
