making up a collective enterprise. Ten years ago there was open conflict between those who confronted exotic peoples with traditional tests and applied traditional interpretations to the responses, and the relativists who insisted that tasks, test taking, and interpretation cannot be "standardized" in the ways that matter.

# Download File PDF Cognitive Ability Test

Today's investigators are conscious of the need to revalidate tasks carried into alien settings; they often prefer to redesign the mode of presentation and to attune the subject to test taking. They face the difficulties squarely and recognize that even the best means of coping are only partially successful.
