~~Colossus: The Rise and Fall of the American Empire: Amazon—~~

Colossus offers a provocative diatribe against America's underutilized power, self-absorption, and refusal to embrace a crucial global role. In the process, he analyzes the interaction between domestic and foreign policy, the roots of empires, the fit between globalization and imperialism, and America's many challenges, including funding the war on terror.

~~Colossus: The Rise and Fall of the American Empire by—~~

"The United States today is an empire--but a peculiar kind of empire", writes Niall Ferguson in Colossus: the Rise and Fall of the American Empire. Despite overwhelming military, economic and cultural dominance, the US has had a difficult time imposing its will on other nations, mostly because the country is uncomfortable with imperialism and thus unable to use this power most effectively and decisively.

~~Colossus: The Rise and Fall of the American Empire eBook—~~

In Colossus he argues that in both military and economic terms America is nothing less than the most powerful empire the world has ever seen. Just like the British Empire a century ago, the United States aspires to globalize free markets, the rule of law, and representative government. In theory it's a good project, says Ferguson.

Colossus: The Rise and Fall of the American Empire, by Niall Ferguson It may seem a touch premature to report on the collapse of an empire before its fluctuations have ceased. Gibbon conceived the...

~~Colossus: The Rise and Fall of the American Empire, by—~~

In Colossus Niall Ferguson reveals the paradoxical reality of American power. In economic and military terms, he argues, America may be the most powerful empire the world has ever seen. And its ambitions are closely akin to those of the last great Anglophone empire: to globalize free markets, the rule of law and representative government.
