Amazon.com: Commercial Real Estate Analysis and ...

Market Analysis. A commercial real estate market analysis is an essential part of most real estate transactions. It's a form of due diligence that reveals trends and helps industry professionals forecast into the future. A market analysis looks at various demographic, economic, and socioeconomic factors within a given industry. It typically includes indicators such as local employment rates, housing vacancy rates, median cost of housing and more.

How to Carry Out Your CRE Analysis in Quarantine

The four things almost all commercial real estate professionals will be looking for in their property analysis are numbers, narratives, indications, and assurance. Numbers are the gritty details of a property|the years, dates, prices, and measurements associated with it. Narratives are the stories and history behind a property.
