Merton sees into the stones and how they, like the rest of creation, are on fire. He has learned this truth from sitting still and listening “ to all things burning.” He has learned this lesson from silence. Even the silence burns.

As I hear these words of Merton, I think, “ No wonder so many of us are frightened of the silences that descend upon our lives.” They each have the power to become what Merton calls “ creative silences.” Silences that call the question about who we are and what we ’ re doing.

Creative Silence Thomas Merton - k44.krackeler.com

Merton suggests that there is a grand, universal dialog occurring all around us -- in that overlooked silence. Everything is alive, and flowing through that life is a silence, and that silence is speaking to us. You say you do not hear. But be silent, be quiet, be still.

Thomas Merton - Silence Quotes
Silence has many dimensions. It can be a regression and an escape, a loss of self, or it can be presence, awareness, unification, self-discovery. Negative silence blurs and confuses our identity, and we lapse into daydreams or diffuse anxieties.

Thomas Merton Quotes about Silence - Lib Quotes

When Thomas Merton entered a Trappist monastery in December 1941, he turned his back on secular life—including a very promising literary career. He sent his journals, a novel-in-progress, and copies of all his poems to his mentor, Columbia professor Mark Van Doren, for safe keeping, fully expecting to write little, if anything, ever again.?

Echoing Silence: Thomas Merton on the Vocation of Writing ...

As an artist, Thomas Merton is perhaps best known as a poet. But he was also a skilled calligrapher, pen and ink painter, and photographer. Just as his studies of Buddhism and Islam affected his work as a poet, his studies, particularly of Zen Buddhism affected his photographer ’ s “ eye.”

Thomas Merton, No Man Is an Island

When Thomas Merton entered a Trappist monastery in December 1941, he turned his back on secular life—including a very promising literary career. He sent his journals, a novel-in-progress, and copies of all his poems to his mentor, Columbia professor Mark Van Doren, for safe keeping, fully expecting to write little, if anything, ever again. It was a relatively short-lived resolution, for Merton almost immediately found himself being assigned writing tasks by his Abbot—one of which was the autobiographical essay that blossomed into his international best-seller The Seven Storey Mountain. That book made him famous overnight, and for a time he struggled with the notion that the vocation of the monk and the vocation of the writer were incompatible. Monasticism called for complete surrender to the absolute, whereas writing demanded a tactical withdrawal from experience in order to record it. He eventually came to accept his dual vocation as two sides of the same spiritual coin and used it as a source of creative tension the rest of his life. Merton ’ s thoughts on writing have never been compiled into a single volume until now. Robert Inchausti has mined the vast Merton literature to discover what he had to say on a whole spectrum of literary topics, including writing as a spiritual calling, the role of the Christian writer in a secular society, the joys and mysteries of poetry, and evaluations of his own literary work. Also included are fascinating glimpses of his take on a range of other writers, including Henry David Thoreau, Flannery O ’ Connor, Dylan Thomas, Albert Camus, James Joyce, and even Henry Miller, along with many others.

An intensely personal devotional book from Thomas Merton, the ultimate spiritual writer of our time, showing his contemplative and religious side through his prayers and rarely-seen drawings. The only Merton gift book available. Dialogues with Silence contains a selection of prayers from throughout Merton’s life—from his journals, letters, poetry, books—accompanied by all 100 of Merton’s rarely seen, delightful Zen-like pen-and-ink drawings, and will attract new readers as well as Merton devotees. There is no other Merton devotional like this, and the paperback edition will be elegantly designed and packaged.

An inspiring gift-edition of poetry and prose from the world’s favorite monk-poet
In this day of mindless distraction, we ’ re desperate for reasons to put down our phones and reconnect with our spiritual selves. In time for the 50th anniversary of Thomas Merton’s death in 1968, Silence, Joy is an invitation to slow down, take a breath, make a space for silence, and open up to joy. Poet, monk, spiritual advisor, and social critic, Thomas Merton is a unique—and uniquely beloved—figure of the twentieth century, and this little rosary brings together his best-loved poems and prose. Drawn from classics like New Seeds Of Contemplation and The Way Of Chuang Tzu as well as less famous books, the writings in Silence, Joy offer the reader deep, calming stillness, flights of ecstatic praise, steadying words of wisdom, and openhearted laughter. Manna for Merton lovers and a warm embrace for novices, this slim collection is a delightful gift.

Thoughtful and eloquent, as timely (or timeless) now as when it was originally published in 1956, Thoughts in Solitude addresses the pleasure of a solitary life, as well as the necessity for quiet reflection in an age when so little is private. Thomas Merton writes: “When society is made up of men who know no interior solitude it can no longer be held together by love: and consequently it is held together by a violent and abusive authority. But when men are violently deprived of the solitude and freedom which are their due, the society in which they live becomes putrid, it festers with servility, resentment and hate.” Thoughts in Solitude stands alongside The Seven Storey Mountain as one of Merton’s most uring and popular works. Thomas Merton, a Trappist monk, is perhaps the foremost spiritual thinker of the twentiethcentury. His diaries, social commentary, and spiritual writings continue to be widely read after his untimely death in 1968.

A selection of Merton’s writings, the burden of which is the necessity of learning to live and to love, emphasizes the unending process of learning, modern man’s fear of solitude, and humanity’s place in nature

This unique reflection was prompted by an invitation Matthew Fox received to speak on the centennial of Thomas Merton ’ s birth. Fox says that much of the trouble he ’ s gotten into — such as being excommunicated in 1993 from the Dominican Order by Cardinal Ratzinger (who later became Pope Benedict) — was because of Thomas Merton, who sent Fox to Paris to complete a doctoral program in philosophy. Fox found that Merton ’ s journals, poetry, and religious writings revealed a deeply ecumenical philosophy and a contemplative life experience similar to that of Meister Eckhart, the fourteenth-century mystic/theologian who inspired Fox ’ s own “ creation spirituality.” It is little surprise to find Fox and Merton to be kindred spirits, but the intersections Fox finds with Eckhart are intellectually profound, spiritually enlightening, and delightfully engaging.

Simple text and photographs depict types of flower seeds, how they travel, and what happens when they are planted.

Includes excerpts from “Seven storey mountain”, “Conjectures of a guilty bystander” and many other works including a chronology of Merton’s life.

A book which traces the development of the thoughts and writings of the 20th-century Cistercian monk, Thomas Merton, on the subject of contemplation.
