Crowds and Power (German: Masse und Macht) is a 1960 book by Elias Canetti, dealing with the dynamics of crowds and "packs" and the question of how and why crowds obey power of rulers. Canetti draws a parallel between ruling and paranoia.

Crowds and Power - Wikipedia

Canetti's thesis about the genesis and abuse of autocratic power in different cultures and historical times is a fitting repost to a century of power hungry maniacs although it reaches much deeper into the very structure of the urge to rule and the behaviours of the ruled. If you haven't read this book you simply have no education.

– Elias Canetti, Crowds and Power. tags: canetti, crowds, elias, enemy, power. 26 likes. Like “It is only in a crowd that man can become free of this fear of being touched. That is the only situation in which the fear changes into its opposite. The crowd he needs is the dense crowd, in which body is pressed to body; a crowd, too, whose psychical constitution is also dense, or compact, so ...

Crowds and Power Quotes by Elias Canetti - Goodreads

The style is abstract, erudite, and anecdotal, which makes Crowds and Power the sort of work that awes some readers with its profundity while irritating others with its elusiveness. Canetti loves to say something brilliant but counterintuitive, and then leave the reader to figure out both why he said it and whether it's really true.

Crowds and Power: Canetti, Elias, Stewart, Carol ...

16 CROWDS AND POWER himself He feels him as he feels himself. Suddenly it is as though every thing were happening in one and the same body. This is perhaps one of the reasons why a crowd seeks to close in on itself: it wants to rid each individual as completely as possible of the fear of being touched.

Translated from the German by Carol Stewart

Crowds and Power is a revolutionary work in which Elias Canetti finds a new way of looking at human history and psychology. Breathtaking in its range and erudition, it explores Shiite festivals and the English Civil war, the finger exercises of monkeys and the effects of inflation in Weimar Germany.

Crowds and Power is a revolutionary work in which Elias Canetti finds a new way of looking at human history and psychology. Breathtaking in its range and erudition, it explores Shiite festivals and the English Civil war, the finger exercises of monkeys and the effects of inflation in Weimar Germany. In this study of the interplay of crowds, Canetti offers one of the most profound and startling portraits of the human condition.

How do crowds work? What is the nature of their unique creation - the demagogue? This is the renowned and original analysis of one of the 20th century's most threatening and influential phenomena by the Nobel Prize-winning thinker Elias Canetti.

A noted critic brings crowd theory to Film Studies, offering a bold new analysis of the pervasive cinematic themes of transformation and power.

New essays providing a comprehensive scholarly introduction to the great writer and thinker Canetti.

In 1934, Veza Taubner and Elias Canetti were married in Vienna. Elias describes the arrangement to his brother Georges as a “functional” marriage. Meanwhile, an intense intellectual love affair develops between Veza and Georges, a young doctor suffering from tuberculosis. Four years later, Veza and Elias flee Nazi-ruled Vienna to London, where they lead an impoverished and extremely complicated marital life in exile. Spanning the major part of Elias’s struggle for literary recognition, from 1933, before the publication of his novel, Auto-da-Fé, to 1959, when he finished his monumental Crowds and Power, the Canetti letters provide an intimate look at these formative years through the prism of a veritable love triangle: the newly married Elias has a string of lovers; his wife, Veza, is hopelessly in love with an idealized image of his youngest brother, Georges; and Georges is drawn to good looking men as well as to his motherly sister-in-law. Independently and often secretly, the couple communicates with Georges, who lives in Paris: Veza tells of Elias’s amorous escapades and bouts of madness, Elias complains about Veza’s poor nerves and depression. Each of them worries about Georges’s health—if she could, Veza would kiss away the germs. Georges is an infrequent correspondent, but he diligently stores away the letters from his brother and sister-in-law. In 2003, long after his death, they were accidentally discovered in a Paris basement and comprise not only a moving and insightful document, but real literature. From the Hardcover edition.

From Robin D. G. Kelley, a "leading black historian of the age," Black Bodies Swinging is a fierce, distilled history of the pillage and defiance of Black America...

Personal writings from 1942 to 1972 explore such topics as mythology, religious experiences, and human potential in addition to reflecting Canetti's spiritual and intellectual development

First published in 1989, this persuasive and original work by John McClelland examines the importance of the idea of 'the crowd' in the writings of philosophers, historians and politicians from the classical era to the twentieth century. The book examines histories of political thought and their justifications for forms of rule, highlighting the persistent and profoundly anti-democratic bias in political and social thought, analysing in particular the writings of Machiavelli, Montesquieu, Hitler, Gibbon, Carlyle, Michelet, Taine and Freud.

Franz Kafka first met Felice Bauer in August 1912, at the home of his friend Max Brod. The twenty-five-year-old career woman from Berlin—energetic, down-to-earth, life-affirming—awakened in him a desire to marry. Kafka wrote to Felice almost daily, sometimes even twice a day. Because he was living in Prague and she in Berlin, their letters became their sole source of knowledge of each other. But soon after their engagement in 1914, Kafka began having doubts about the relationship, fearing that marriage would imperil his dedication to writing and interfere with his need for solitude. Through their break-up, a second engagement in 1917, and their final parting later that year, when Kafka began falling ill with the tuberculosis that would eventually claim his life, their correspondence continued. The more than five hundred letters that Kafka wrote to Felice over the course of those five years were acquired by Schocken from her in 1955. They reveal the full measure of Kafka's inner turmoil as he tried, in vain, to balance his need for stability with the demands of his craft. "These letters are indispensable for anyone seeking a more intimate knowledge of Kafka and his fragmented world." —Library Journal
