Dark Water by Kōji Suzuki - Goodreads
If you are not familiar with the name Koji Suzuki, the chances are that you will be familiar with his work. Koji is the guy who wrote The Ring and if you haven't read the novel, you will probably have seen the movie, or at least heard of it. Dark Water is not a novel. It is a collection that consists of a prologue and an epilogue with 7 short ...

Book Review: Dark Water By Koji Suzuki - Steve Calvert
The Dark Water of Koji Suzuki Continuing my immersion in the watery worlds of dark fiction, I turn my attention this month to the work of Koji Suzuki. Suzuki, an award winning Japanese writer of horror, fantasy and SF is best known for his Ring novels, which inspired the famous succession of Japanese films before a series of American remakes.

After terrifying audiences worldwide with the blockbuster J-horror classic Ring and its sequel, director Hideo Nakata returned to the genre for Dark Water, another highly atmospheric, and critically acclaimed, tale of the supernatural which took the common theme of the [dead wet girl] to new heights of suspense and drama.Based upon on a short story by Ring author Koji Suzuki, Dark Water ...

A haunting collection of short stories from Koji Suzuki, author of the smash thriller, Ring, which spawned the hit film and sequels. The first story in this collection has been adapted to film (Dark Water, Walter Salles), and another, "Adrift" is currently in production with Dimension Films.

A collection of seven short stories, all of them having to do with the sea and/or water, from the celebrated author of the epoch-making 'Ring' and 'Spiral'.

A selection of deliciously spooky short stories from the Japanese master of suspense, the acclaimed author of RING. The film DARK WATER is based on the first story in the collection.

A selection of deliciously spooky short stories from the Japanese master of suspense, the acclaimed author of RING. The film DARK WATER, based on the first story in the collection, is due for release in August 2005.Suzuki demonstrates the power of his psychological insight into the mechanics of fear in this highly atmospheric collection of stories unified by the theme of water.Following her divorce, Yoshimi Matsubara lives with her five-year-old daughter Ikuko in a depressing and damp apartment block on reclaimed land in Tokyo Bay. But when a child's red bag keeps turning up in unexpected places, Yoshino's sanity seems to be threatened, and she soon begins to fear that her daughter's life is at risk.Kensuke Suehiro jumps at the chance to visit a restricted island in Tokyo Bay, about which he once heard a rather strange story. But when he arrives, he finds far more than he bargained for.Fisherman Hiroyuki is embittered and unhappy in his marriage. But getting rid of his wife turns out to be anything but easy, especially when his own boat seems to be against him.Family man Sugiyama finds himself trapped in an underwater cave. Can he find a way to communicate with his beloved son one last time?Just four examples from this beautifully crafted collection of stories filled with suspense, tension and drama. A perfect introduction to one of Japan's top literary stars.

Death and the Flower is a collection of six short stories centered on the themes of family and peril. The title is derived from a Keith Jarrett album of the same name.

Twenty-one years after the legendary bestseller Ring, which spawned blockbuster films on both sides of the Pacific, and thirteen years after Birthday, the seeming last word on iconic villain Sadako and her containment, internationally acclaimed master of horror and Shirley Jackson Award-winner Koji Suzuki makes his much-awaited return to the famed trilogy's mind-blowing story world with a new novel. S. Takanori Ando, son of Spiral protagonist Mitsuo, works at a small CGI production company and hopes to become a filmmaker one day despite coming from a family of doctors. When he's tasked by his boss to examine a putatively live-streamed video of a suicide that's been floating around the internet, the aspiring director takes on more than he bargained for. His lover Akane, an orphan who grew up at a foster-care facility and is now a rookie high-school teacher, ends up watching the clip. She is pregnant, and she is triggered. Sinking hooks into our unconscious from its very first pages with its creepy imagery, and rewarding curious fans of the series with clever self-references, here is a fitting sequel to a tale renowned for its ongoing mutations.

Paradise is a love story told through three separate narratives. Each takes place in a different location and period of time - from the Mongolian desert to a tropical Pacific Island, and finally to modern-day America. It becomes clear that each couple from the three storylines is the reincarnation of the same man and woman, and that in spite of the odds and whatever tragedy might interfere, fate conspires to bring them together again and again in each successive life.

Stunning Japanese novel with a chilling twist ￼ the follow-up to Ring and Spiral.

It begins with a woman's search to find her husband, who disappears after watching a TV show. She enlists the aid of her husband's best friend, and together they discover that the famous female personality of the TV show disappeared after the same evening's broadcast as well. The duo's search leads to a battle within a religious cult. Each answer brings only more questions, until the story's stunning final solution is revealed. Promenade of the Gods is a parallel piece to Koji Suzuki's successful Ring series and even contains some sl nods to his famous work. Its theme of planet-wide subjugation via technology echoes that in Ring, and like Ring, the way in which the pieces of the mystery in Promenade come together only materialize in the book's final moments, culminating in a most unsettling conclusion.

Edge begins with a massive and catastrophic shifing of the San Andreas fault. The fears of California someday tumbling into the sea--that have become the stuff of parody--become real. But even the terror resulting from this catastrophe pales in comparison to the understanding behind its happening, a cataclysm extending beyond mankind's understanding of horror as it had previously been known. The world is falling apart because things are out of joint at the quantum level, about which of course there's never been any guarantee that everything has to remain stable. Koji Suzuki returns to the genre he's most famous for after many years of "not wanting to write any more horror." As expected from Suzuki, the chills are of a more cerebral, psychological sort, arguably more unsettling and scary than the slice-and-dice gore fests that horror has become known in the U.S. Never content to simply do "Suzuki"--as it were--but rather push the envelope on what horror is in general and for which readers have come to know him, Edge City borders on being cutting-edge science fiction. The author himself terms this novel, which he has worked on for some years, a work of "quantum horror."
