TiVo Hacks helps you get the most out of your TiVo personal video recorder. Armed with just a screwdriver and basic understanding of PC hardware (or willingness to learn), preeminent hackability awaits. This book includes hacks for changing the order of recorded programs, activating the 30-second skip to blaze through commercials, upgrading TiVo's hard drive for more hours of recording, use of TiVo's Home Media Option to remotely schedule a recording via the Web, log in to the serial port for command-line access to programming data, log files, closed-captioning data, display graphics on the TiVo screen, and even play MP3s.Readers who use advanced hacks to put TiVo on their home network via the serial port, Ethernet, USB, or wireless (with 802.11b WiFi) will watch a whole new world open up. By installing various open source software packages, you can use TiVo for mail, instant messaging, caller-ID, and more. It's also easy to run a web server on TiVo to schedule recordings, access lists of recorded shows, and even display them on a web site. While TiVo gives viewers personalized control of their TVs, TiVo Hacks gives users personalized control of TiVo.Note: Not all TiVos are the same. The original TiVo, the Series 1, is the most hackable TiVo out there; it's a box thrown together with commodity parts and the TiVo code is running on open hardware. As the United States marks its first presidential election of a new century, Witcover shows us how professional mercenaries -- with little party loyalty and diminished political principles, driven by an insatiable need for money -- are poisoning public life. At the same time, politicians themselves have condoned and even encouraged these developments, responding to the demands of a media-driven age in which the press corps pursues its own quest for celebrity and financial reward. Sharp, revealing, and rich with anecdotes, No Way to Pick a President offers a wealth of presidential history, from the role of the vice president's office to campaign funds, television and the electoral college.
