For many decades this was the extent of audio documentary — recording oral history and music, very much like the first films shot by Edison and the Lumière brothers — no edits or narration or stories, just a lot of amazing raw footage.

A Brief History of Documentary Forms - Transom

The IRA, A Documentary History - a collection of photographs and original documents, many never seen outside of the archives - is the first documentary survey history of 90 years of the IRA. It traces the history of the organisation from its origins, through the War of Independence in 1919 and down to the present day, in its own words through previously unpublished internal communications and public statements.

A documentary film is a non-fictional motion-picture intended to "document reality, primarily for the purposes of instruction, education, or maintaining a historical record ". Bill Nichols has characterised the documentary in terms of "a filmmaking practice, a cinematic tradition, and mode of audience reception [that remains] a practice without clear boundaries".

Cars. Classic Cars. This documentary about the history of the MGB, and to a lesser extent the history of MG as a whole, covers the development of one of the most famous sports cars in the world. The MGB was a little unusual when it was first released in 1963, unibody cars were still relatively uncommon with many manufacturers still using body-on-frame construction.

This documentary about the history of BMW covers everything from the earliest days of the company from 1916 onwards when they were in the business of making aircraft engines. BMW would famously begin making motorcycles before they started making cars, and it would be motorcycles that would keep the company in business at times during the 20th century as the profitability of the automobile production division saw periods of significant losses.
