Intention is generally viewed as a certain kind of determination propelling one to succeed at all costs by never giving up on an inner picture. In this view, an attitude that combines hard work with an indefatigable drive toward excellence is the way to succeed. However, intention is viewed very differently in this book. Dr. Wayne W. Dyer has researched intention as a force in the universe that allows the act of creation to take place. This book explores intention—as something you do—as an energy you’re a part of. We’re all intended here through the invisible power of intention. This is the first book to look at intention as a field of energy that you can access to begin co-creating your life with the power of intention. Part I deals with the principles of intention, offering true stories and examples on ways to make the connection. Dr. Dyer identifies the attributes of the all-creating universal mind of intention as creative, kind, loving, beautiful, expanding, endlessly abundant, and receptive, explaining the importance of emulating this source of creativity. In Part II, Dr. Dyer offers an intention guide with specific ways to apply the co-creating principles in daily life. Part III is an exhilarating description of Dr. Dyer’s vision of a world in harmony with the universal mind of intention.

I AM, the newest children’s book by Dr. Wayne W. Dyer, is taken from his latest book for adults, Wishes Fulfilled. I AM teaches kids a simple but profound message: God is not far off in the distance, or even merely beside us. In other words, we are not separate from God—we are God! Knowing that God’s love and strength is a part of everyone can help kids grow to meet their greatest potential in life. The book uses a rhyme and illustrations to teach this lesson and help children realize that they are greater than they ever imagined! There is also a special section at the end that teaches the important meaning and way to use the words I am to create love, happiness, and greatness in their own lives and the world

#1 Wall Street Journal bestseller! This new book of spiritual teachings from international best-selling author and beloved inspirational speaker Dr. Wayne W. Dyer is based on his audio lectures from the 1990s and 2000s, offering a fresh take on mindfulness and enlightenment. Beloved spiritual teacher Dr. Wayne W. Dyer often shared his thoughts on the path and practice of personal empowerment during his writings and presentations. He'd say, "This is not about self-help. It's about self-realization, which is way beyond self-help." In this book, which collects some of his timeless words of wisdom in a new format, the internationally renowned speaker and author offers spiritual tools to transcend your current circumstances and old patterns in order to reach true fulfillment. He will show you how to become genuinely awake, aware of the power you have within to shift your thought processes, release attachments, and tame your ego-to name just a few topics covered in these pages. Wayne will help you understand what an illusion much of life is, so you can see the big picture and spark deep transformation (that is, "the ability to go beyond your form"), resulting in peace and harmony in all areas of your life. He will also take you through the stages of enlightenment and instruct you in mindfulness practices such as visualization and meditation, ultimately helping you reach a higher consciousness. Indeed, as a result of reading this book, you'll feel as if you are absolutely living in the light, in tune with the magnificence of the universe . . . and yourself.

"Happiness Is the Way will show you the impact of your attitudes, choices, and expectations, leading you to a great sense of empowerment; help you realize how you are likely much more successful than you ever realized, regardless of the challenges you're facing; and illuminate the importance of a personal mission. It also includes specific questions and journal exercises to help you chart the way to the life you've dreamed of. The material contained within this book is taken from speeches and presentations Wayne Dyer gave to many varied audiences, over many years. Yet it seemed that no matter who he talked to, he returned to a few themes over and over again, and these themes are woven throughout the pages of Happiness Is the Way"--

Within the pages of this transformational book, Dr. Wayne W. Dyer reveals how to change the self-defeating thinking patterns that have prevented you from living at the highest levels of success, happiness, and health. Even though you may know what to think, actually changing those thinking habits that have been with you since childhood might be somewhat challenging.If I changed, it would create family dramas . . . I'm too old or too young . . . I'm far too busy and tired . . . I can't afford the things I truly want . . . It would be very difficult for me to do things differently . . . and I've always been this way . . . may all seem to be true, but they're in fact just excuses. So the business of modifying habituated thinking patterns really comes down to tossing out the same tired old excuses and examining your beliefs in a new and truthful light.In this groundbreaking work, Wayne presents a compendium of conscious and subconscious crutches employed by virtually everyone, along with ways to cast them aside once and for all. You'll learn to apply specific questions to any excuse, and then proceed through the steps of a new paradigm. The old, habituated ways of thinking will melt away as you experience the absurdity of hanging on to them.You'll ultimately realize that there are no excuses worth defending, ever, even if they've always been part of your life—and the joy of releasing them will resonate throughout your very being. When you eliminate the need to explain your shortcomings or failures, you'll awaken to the life of your dreams.Excuses . . . Begone!

"This book offers you an opportunity to internalize and directly experience the great wisdom of the Tao Te Ching, a collection of verses authored by the Chinese prophet Lao-tzu."The words Tao Te Ching translate to 'living and applying the Great Way.' Although just 81 short verses, the Tao encourages you to change your life by literally changing the way you think. By reading through the verses presented here (which I've pieced

together after reviewing hundreds of translations)—along with the corresponding affirmation I've created for each verse—you'll be embarking on a path that encompasses the profound ideas that Lao-tzu intended to convey."The Tao Te Ching offers you Divine guidance on virtually every area of human existence. It is a new way of thinking in a world that needs to recapture its ancient teachings. Work with the verses and affirmations regularly and you will come to know the truth behind the ancient Tao observation: When you change the way you look at things, the things you look at change." — Dr. Wayne W. Dyer

Outlines a program of meditation for allowing one's mind to get into the gap between thoughts and make conscious contact with the divine and the creative energy of life.
