Éric Joisel (November 15, 1956 – October 10, 2010) was a French origami artist who specialized in the wet-folding method, creating figurative art sculptures using sheets of paper and water, without the use of any adhesive or scissors.

Éric Joisel - Wikipedia

Eric Joisel is considered by his peers to have been among the finest origami masters in the world. This beloved French artist and sculptor created stunningly beautiful and complex sculpted origami paper models. Origami is the Japanese art of forming sculptures out of paper only. And Eric Joisel took this to a whole new level.

This is not a diagram-book, but rather a magnificent showcase and tribute to the work of the late artist Eric Joisel. Sadly, it came out very shortly following his passing. The first half of the book is comprised of beautiful photos of pretty much every design Joisel ever created, along with hand-drawn crease-patterns, Joisel's comments about each design and photos of different angles of the models. Birds with attitude, playful dogs, and 7 foot dragons are just a few of the origami-inspired artworks designed and folded by Shannon Nakaya. Her approach for bringing paper to life is enough texture and anatomic detail to impress and enough character and personality, largely communicated through body language, to engage her audience.
