Among the main aims of ethics and values education are the following: to stimulate ethical reflection, awareness, autonomy, responsibility, and compassion in children, to provide children with insight into important ethical principles and values, to equip them with intellectual capacities (critical thinking, reflection, understanding, decision-making, compassion) for responsible moral judgment, to develop approaches to build a classroom or school environment as an ethical community, and to ...

## [Ethics and Values Education | SpringerLink](#)

The term ethics may refer to the philosophical study of the concepts of moral right and wrong and moral good and bad, to any philosophical theory of what is morally right and wrong or morally good and bad, and to any system or code of moral rules, principles, or values. The last may be associated with particular religions, cultures, professions, or virtually any other group that is at least partly characterized by its moral outlook.
