Puzzles and brain twisters to keep your mind sharp and your memory intact are all the rage today. More and more people -- Baby Boomers and information workers in particular -- are becoming concerned about their gray matter's ability to function, and with good reason. As this sensible and entertaining guide points out, your brain is easily your most important possession. It deserves proper upkeep. *Your Brain: The Missing Manual* is a practical look at how to get the most out of your

They advocate a learner-centred approach and the creation of an environment through which new knowledge and competencies can be acquired and applied to concrete situations. The Manual emerged from the actual experience and activities developed during the Early Childhood Joint Training Initiative, launched by the Bernard van Leer Foundation, UNICEF, UNESCO and Save the Children(USA) in Africa during three years. Practical and easy to follow, encouraging personal and cultural interpretations, the Manual is of interest to early childhood trainers worldwide and to trainers of
