One subject can have one, two or more modules (booklet) e.g. Class-11 Chemistry book contain three modules Module-1 (Physical Chemistry), Module-2 (Organic chemistry), Module-3 (Inorganic Chemistry).

First published in 1984, this book examines a number of questions on the boundary of competence and performance ¶ whose solutions have implications for linguistic theory in general. In particular, the form of grammatical statements, the relationship between various rules of grammar, the interaction between sentence in a sequence, and the inferences to be drawn from linguistic behaviour to linguistic knowledge. The author argues that many grammatical processes, inadequately handled by conventional sentence-grammars, require a text grammar in which the basic constitutive processes of information and deixis can be specified. They ago further to investigate the novel hypothesis that emphatic structure provides a crucial condition for the application of transformational rules, paying particular attention to the ¶movement-rules¶ using mostly data culled from actual usage.

Cambridge English Empower is more than just a course book - it's a complete solution for effective learning and teaching! This new general English course for adult and young adult learners combines course content from Cambridge University Press with validated assessment from the experts at Cambridge English Language Assessment. Empower's unique mix of engaging classroom materials and reliable assessment, with personalised online practice, enables learners to make consistent and measurable progress.

Advanced English Pronunciation has been designed to meet the needs of foreign language learners with at least upper-intermediate proficiency (CEFR level B2) who want not only to improve their pronunciation, but also to acquire a solid understanding of the rules and rationale of English pronunciation. University students who are considering a career in teaching as well as practising English teachers who wish to perfect their pronunciation will appreciate the value of this dual objective. Key Features: · The twenty recorded lessons with worksheets are suitable for self-study (ideally with a computer) or group work with a teacher (in a language lab). · Each lesson is designed to last approximately 50 minutes. · The book is divided into four parts, addressing all major aspects of English pronunciation - rhythm and weak forms, word stress, spelling-pronunciation rules, intonation and linking. · The characteristic rhythm of English, an important but often neglected aspect of pronunciation, is dealt with right from the start, in the first three lessons. · Basic work on intonation is integrated into each lesson and then reviewed and expanded upon in the final two lessons. · Seven different native English speakers from England have been used for the recordings, representing standard, educated varieties of British English as spoken by people whose origins range from Bournemouth on the south coast to Carlisle near the Scottish border. · An innovative exercise design allows the learner to evaluate his or her knowledge as the exercise is carried out. The learner is able to quickly assess which points he or she must continue to work on as well as which points he or she has mastered. · The exercises are varied and designed to promote active learning. · Brief musical interludes consisting of original recordings by clarinet and cello signal the beginning of each exercise.

A three-level (B1+ to C1) integrated skills course for higher education students at university or on foundation courses. The C1 Advanced Student's Book consolidates academic study skills. Students' analytical skills are challenged with an increased range of authentic written and spoken academic texts. From essay organisation, taking notes, group discussion to writing references and paraphrasing texts, the students are presented with a wealth of practice opportunities to enhance all academic skills at this level. The course further develops independent learning skills and critical thinking through 'Study tips' sections and allows for personalisation of learning in the 'Focus on your subject' sections. Lecture and seminar skills units provide authentic practice in listening to lectures and participating in seminars.
