Franchising and Licensing - Two Powerful Ways to Grow Your ...

For a company looking to expand, franchising and licensing are often appealing business models. In a franchising model, the franchisee uses another firm's successful business model and brand name to operate what is effectively an independent branch of the company. The franchiser maintains a considerable degree of control over the operations and processes used by the franchisee, but also helps with things like branding and marketing support that aid the franchise.

Franchising vs Licensing - Difference and Comparison | Differen

Contract Law governs, licensing whereas franchising is regulated, franchising regulations in many countries, but in case the franchising regulations are not in place then the company law regulates. Licensing does not require registration, whereas registration is a must in the case of franchising.
