It's hard enough for teachers to fit all their marking, extra-curricular duties and training into their lives, let alone finding time to think up exciting new ways of delivering their subject to a mixed-ability class. Resources for Teaching French 14-16 provides complete, curriculum-friendly lesson plans for busy secondary school teachers. This resource comprises an assortment of 80 lesson plans designed to motivate and inspire students. Each plan consists of a teacher's sheet including: - the aims and objectives of the lesson, - the materials required, - a lesson starter, main lesson plan and plenary, each with suggested timeframes to help teachers keep inside the parameters of the lesson, - homework ideas, and - further reading and useful websites. Each plan also includes a photocopyable, or downloadable student worksheet that corresponds to the teacher's lesson plan. Audio files for the listening exercises, and all the worksheets are available online.

"I genuinely believe I have never taught mathematics better, and my students have never learned more. I just wish I had known all of this twelve years ago."e.Craig Barton is one of the UK's most respected teachers of mathematics. In his remarkable new book, he explains how he has delved into the world of academic research and emerged with a range of simple, practical, effective strategies that anyone can employ to save time and energy and have a positive impact on the long-term learning and enjoyment of students. Craig presents the findings of over 100 books and research articles from the fields of Cognitive Science, Memory, Psychology and Behavioural Economics, together with the conversations he has had with world renowned educational experts on his Mr Barton Maths Podcast, and subsequent experiments with my students and colleagues.
