Glue into interactive notebooks The slope foldable goes over a positive, negative, zero, and undefined slope by having students draw an example of each graph. In addition, the foldable has an example of how to find slope given a table, graph, and two points. You can purchase my slope foldable by [CLICKING HERE](#)

Slope Foldable (Great for Math Interactive Notebooks)

Mar 25, 2014 - Here is a new foldable to help students graph linear inequalities and solve systems of inequalities. I created the foldable using Google Presentation so I could share it with others, and make it easy for them to download and make changes. Hmph. I am just not an enthusiastic GD'er yet as some of the smallest▯
