A temple is built combining different aspects and might be dedicated to one or more deity.

Religion under Bureaucracy is an innovative study of religion and politics in the south Indian state of Tamil Nadu which focuses on the relationship between the state and the central religious institution of the area, the Hindu temple. Religion, politics, economy and culture intersect in the temple and Tamil Nadu has 52,000 in all, many richly endowed with land and prominent locally as sources of patronage and economic and political power. Dr Presley examines the institutional challenge that Hindu temples have presented to the developing South Indian state over the last century and a half and the ways in which a government publicly committed to non-intervention in religious matters has come to involve itself deeply in temple life - establishing a presence in temple management, regulating the use of the temple's material and symbolic resources and, beyond this, seeking to control many details of Hindu organisation, economy and worship.

This volume examines the multifarious dimensions that constitute the workings of the Hindu temple as an architectural and urban built form. Eleven chapters reflect on Hindu temples from multiple standpoints - tracing their elusive evolution from wayside shrines as well as canonization into classical objects; questioning the role of treatises containing their building rules; analyzing their prescribed proportions and orders; examining their presence in, and as, larger sacred habitats and ritua...

"The land of temples is South India, the southern tip of the Indian subcontinent. It's been called the last surviving classical civilization, a land where there is room for temples large and small and time for rituals passed down for millennia. In four brief essays and two dozen evocative black-and-white photographs scholar and devotee Michael Steinberg takes readers into the inner sanctuaries of ancient temples and out again into the teeming streets of contemporary Chennai. A big book in a little package, his deeply personal story also sheds light on the enduring importance of a way of life that has its roots in the dawn of civilization itself"--Back cover.

South India is a land of many temples and shrines, each of which has preserved a local tradition of myth, folklore, and ritual. As one of the first Western scholars to explore this tradition in detail, David Shulman brings together the stories associated with these sacred sites and places them in the context of the greater Hindu religious tradition. Originally published in 1980. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Through lucid visual analysis, accompanied by drawings, this book will allow readers to appreciate the concepts underlying designs that at first sight often seem bewilderingly intricate. The book will be divided into six parts that cover the history and development of the design and architecture of Indian temples.

Study conducted in Kar?mnagar District, Andhra Pradesh.
