We recommend changing the transmission fluid with the Honda Jazz gearbox at least every 40,000 miles. The

transmission fluid in the
Honda Jazz gearbox was
changed and the transmission
unit was reassembled. The
Honda jazz gearbox repair
was completed when the
reassembled gearbox was
refitted. The Honda Jazz was

subjectd to a long road test which confirmed that the gearbox repair had been successful and the Honda Jazz gearbox performance was back to the responsive shifting unit as it was from new.
