Failure is a book that seeks to make science more appealing by exposing its faults. In this sequel to Ignorance, Stuart Firestein shows us that scientific enterprise is riddled with failures, and that this is not only necessary but good.

Your dreams can coexist with your life Jobs. Kids. Chores. Bills. Life has an uncanny ability to get in the way of our dreams. But, this doesn't need to be the case. In this installment of the " How to Change Your Life in 10 Minutes a Day " series, Michal Stawicki shares his techniques for extreme productivity. As a busy, working parent of three, Michal still manages to follow his dreams prolifically. How prolifically? Using the time management tips explained in " Master Your Time in 10 Minutes a Day, " Michal has managed to write over 150,000 words and publish 5 books in the last year while still making time for his family, his occupation and his life. He wrote this book to show you that anyone has the time to succeed in their passions. Written for the truly busy person Each of the techniques shared in " Master Your Time in 10 Minutes a Day " is designed to be specific, actionable and easy-to-implement for even the busiest person. They are sure to make your productivity skyrocket! " Master Your Time in 10 Minutes a Day " is written for busy people and therefore is light on philosophy and theory and instead aims to be concise and quickly read. Begin developing new habits today The first two chapters deal with the philosophy of building a productive mindset; after all, time management is all about having the right attitudes. The remainder of the book delves right into specific techniques you can easily implement. Align yourself with your true purpose If you are struggling

to find life-work balance or the time to pursue your dreams, this book will quickly get you on the right track. One warning: after reading, you may find yourself with no excuses left for why you "can't" write that novel, launch that non-profit or start that business.

Any student who has ever: spent too much time doing homework, lost an assignment before turning it in, studied hard for a test and then bombed it, or felt that their parents nag them too much about homework will love this book! SOAR Study Skills is a comprehensive program that empowers students to manage their time, schoolwork, and extra-curricular activities more efficiently. All strategies are easy to integrate into an immediate routine. The four-step program builds upon each strategy to increase students' understanding and retention, while decreasing their homework and study time. This book is appropriate for students in sixth grade and older, parents of all school-aged children, and educators of middle-school thru college.
