Husqvarna Chainsaw Parts by Model Guide | Power Mower Sales

Before using a new saw • Read the instructions carefully. • Check cutting equipment is correctly fitted and adjusted. See page 25. • Refuel and start the saw. Check the carburetor settings. See pages 26-29. • Do not use the saw until sufficient chain oil has reached the chain, see page 14. **IMPORTANT!** If the carburetor mixture is too lean it greatly increases the risk of engine failure.
