### International Marketing By

**Fletcher And Crawford** is a ground-up Australian text which has a unique and relevant perspective on the subject: looking through the lens of Australian and New Zealand export firms working with international partners as well as Asian businesses looking into Australia. By keeping local business students and their future careers in mind, Fletcher and Crawford make it easier to identify with and apply the concepts.

About The Field The  
Marketing field investigates  
the fundamental activities,  
set of institutions, and  
processes for creating,  
communicating, delivering,  
and exchanging offerings  
that have value for  
customers, clients,  
partners, and society at  
large. Its relevance speaks  
to both developed and  
emerging markets and spans  
across the private, public,

marketing principles to more than one country. However, there is a crossover between what is commonly expressed as international marketing and global marketing, which is a similar term. For the purposes of this lesson on international marketing and those that follow it, international marketing and global marketing are interchangeable.
