“An engaging, beautifully synthesized page-turner” (Slate). The #1 New York Times bestseller and Time #1 Nonfiction Book of the Year: Hillary Rodham Clinton’s most personal memoir yet, about the 2016 presidential

Access PDF It Happens To Everyone

election. In this “candid and blackly funny” (The New York Times) memoir, Hillary Rodham Clinton reveals what she was thinking and feeling during one of the most controversial and unpredictable presidential

Access PDF It Happens To Everyone

elections in history. She takes us inside the intense personal experience of becoming the first woman nominated for president by a major party in an election marked by rage, sexism, exhilarating highs and

Access PDF It Happens To Everyone

infuriating lows, stranger-than-fiction twists, Russian interference, and an opponent who broke all the rules. “At her most emotionally raw” (People), Hillary describes what it was like to run against

Acces PDF It Happens To Everyone

Donald Trump, the mistakes she made, how she has coped with a shocking and devastating loss, and how she found the strength to pick herself back up afterward. She tells readers what it took to get back on

Access PDF It Happens To Everyone

her feet—the rituals, relationships, and reading that got her through, and what the experience has taught her about life. In this “feminist manifesto” (The New York Times), she speaks to the challenges of

Access PDF It Happens To Everyone

being a strong woman in the public eye, the criticism over her voice, age, and appearance, and the double standard confronting women in politics. Offering a “bracing... guide to our political arena” (The

Access PDF It Happens To Everyone

Washington Post), What Happened lays out how the 2016 election was marked by an unprecedented assault on our democracy by a foreign adversary. By analyzing the evidence and connecting the dots, Hillary shows just how

Access PDF It Happens To Everyone

dangerous the forces are that shaped the outcome, and why Americans need to understand them to protect our values and our democracy in the future. The election of 2016 was unprecedented and historic. What Happened

Access PDF It Happens To Everyone

is the story of that campaign, now with a new epilogue showing how Hillary grappled with many of her worst fears coming true in the Trump Era, while finding new hope in a surge of civic activism, women running for

office, and young people marching in the streets.

As President Trump's National Security Advisor, John Bolton spent many of his 453 days in the room where it happened, and the

Access PDF It Happens To Everyone

facts speak for themselves. The result is a White House memoir that is the most comprehensive and substantial account of the Trump Administration, and one of the few to date by a top-level official. With

Access PDF It Happens To Everyone

almost daily access to the President, John Bolton has produced a precise rendering of his days in and around the Oval Office. What Bolton saw astonished him: a President for whom getting reelected was the only thing

Access PDF It Happens To Everyone

that mattered, even if it meant endangering or weakening the nation. “I am hard-pressed to identify any significant Trump decision during my tenure that wasn’t driven by reelection calculations,” he writes. In

Access PDF It Happens To Everyone

fact, he argues that the House committed impeachment malpractice by keeping their prosecution focused narrowly on Ukraine when Trump's Ukraine-like transgressions existed across the full range of his foreign

Access PDF It Happens To Everyone

policy—and Bolton documents exactly what those were, and attempts by him and others in the Administration to raise alarms about them. He shows a President addicted to chaos, who embraced our enemies and spurned our

Access PDF It Happens To Everyone

friends, and was deeply suspicious of his own government. In Bolton's telling, all this helped put Trump on the bizarre road to impeachment. "The differences between this presidency and previous ones

Access PDF It Happens To Everyone

I had served were stunning,” writes Bolton, who worked for Reagan, Bush 41, and Bush 43. He discovered a President who thought foreign policy is like closing a real estate deal—about personal

Access PDF It Happens To Everyone

relationships, made-for-TV showmanship, and advancing his own interests. As a result, the US lost an opportunity to confront its deepening threats, and in cases like China, Russia, Iran, and North Korea ended

Access PDF It Happens To Everyone

up in a more vulnerable place. Bolton's account starts with his long march to the West Wing as Trump and others woo him for the National Security job. The minute he lands, he has to deal with Syria's chemical

Access PDF It Happens To Everyone

attack on the city of Douma, and the crises after that never stop. As he writes in the opening pages, “If you don’t like turmoil, uncertainty, and risk—all the while being constantly overwhelmed with

Access PDF It Happens To Everyone

information, decisions to be made, and sheer amount of work—and enlivened by international and domestic personality and ego conflicts beyond description, try something else.” The turmoil,

Access PDF It Happens To Everyone

conflicts, and egos are all there—from the upheaval in Venezuela, to the erratic and manipulative moves of North Korea's Kim Jong Un, to the showdowns at the G7 summits, the calculated warmongering by Iran, the

Acces PDF It Happens To Everyone

crazy plan to bring the Taliban to Camp David, and the placating of an authoritarian China that ultimately exposed the world to its lethal lies. But this seasoned public servant also has a great eye for the

Acces PDF It Happens To Everyone

Washington inside game, and his story is full of wit and wry humor about how he saw it played.
