An introduction to leadership draws on a program developed for an elementary school to show how to apply the principles of "The 7 Habits of Highly Effective People" to help everyone, including young children, identify and use their individual talents.

This authoritative handbook examines the community, district, and teacher leadership roles that affect urban schools. It will serve as a foundation for pedagogical and educational leadership practices that foster social justice, equity, and advocacy for those who have been traditionally and historically underserved in education. The handbook's ten sections cover topics as diverse as curriculum, instruction, and educational outcomes; gender, race, and class; higher education; and leadership preparation and support. Its twenty-nine chapters offer both American and international perspectives.

The visionary author's masterpiece pulls us along with her Black female hero through time to face the horrors of slavery and explore the impacts of racism, sexism, and white supremacy then and now. Dana, a modern black woman, is celebrating her twenty-sixth birthday with her new husband when she is snatched abruptly from her home in California and transported to the antebellum South. Rufus, the white son of a plantation owner, is drowning, and Dana has been summoned to save him. Dana is drawn back repeatedly through time to the slave quarters, and each time the stay grows longer, more arduous, and more dangerous until it is uncertain whether or not Dana's life will end, long before it has a chance to begin.

"A searing and emotionally gripping account of a young black girl growing up to become a strong black woman during the most difficult time of racial segregation."—Professor Charles Ogletree, Harvard Law School "Provides important context for an important moment in America's history."—Associated Press When fourteen-year-old Carlotta Walls walked up the stairs of Little Rock Central High School on September 25, 1957, she and eight other black students only wanted to make it to class. But the journey of the "Little Rock Nine," as they came to be known, would lead the nation on an even longer and much

more turbulent path, one that would challenge prevailing attitudes, break down barriers, and forever change the landscape of America. For Carlotta and the eight other children, simply getting through the door of this admired academic institution involved angry mobs, racist elected officials, and intervention by President Dwight D. Eisenhower, who was forced to send in the 101st Airborne to escort the Nine into the building. But entry was simply the first of many trials. Breaking her silence at last and sharing her story for the first time, Carlotta Walls has written an engrossing memoir that is a testament not only to the power of a single person to make a difference but also to the sacrifices made by families and communities that found themselves a part of history.

Footprints were scattered about like fallen leaves. She looked down into the ravine, and once more her lungs filled with fear. A body lay silent and unmoving in the bushes. When Ruth Turner walks into the Sheriff’s office in Jefferson County’s Port Townsend claiming her sister Ida Wheaton has been missing for over a month, Detective Megan Carpenter’s instincts tell her that she needs to do more than just file a report. Racing over to Ida’s secluded farmhouse in the hills above Snow Creek, Megan finds Ida’s teenage children alone and frightened. She can’t help but notice there’s no TV. No video games. Nothing of the outside world. Something about the Wheaton family doesn’t add up and triggers a painful childhood memory for Megan — when one day, in a flash, both her parents were gone. Then the body of a woman is discovered in an abandoned pickup truck close to the Wheatons’ home and Megan’s convinced the cases are connected. If she has any chance of catching the killer, Megan must first unravel the secrets of the isolated Snow Creek community. But Megan has dark secrets of her own— Hidden in the back of her closet is a box of tapes containing every single recording of her therapy sessions over thirteen years ago. Can she finally confront the past she’s spent years trying to block out? These lively stories follow Rey Castaneda from sixth through eighth grade in Nuevo Penitas, Texas. One side of Rey's family lives nearby in Mexico, the other half in Texas, and Rey fits in on both sides of the border. In Nuevo Penitas, he enjoys fooling around with his pals in the barrio; at school, he's one of the "A list" kids. As Rey begins to cross the border from childhood into manhood, he turns from jokes and

games to sense the meaning of work, love, poverty, and grief, and what it means to be a proud Chicano-moments that sometimes propel him to show feelings un hombre should never express. It's a new territory where Rey longs to follow the example his hardworking, loving father has set for him.
