F.C. Ware's The Adventure of Jimmy Corrigan: the Smartest Kid on Earth destabilizes the common definition of a superhero. I am going to begin by taking a look at how the title character, Jimmy Corrigan defines a superhero. I would argue that Jimmy is the same person as an adult that he is as a child and in his mind that person is a superhero.

"Rusty Brown is a normal, nerdy, bullied, disenfranchised Tweenage kid in Omaha, Nebraska who is just trying to survive a regular junior high school day with his best friend Chalky White. But in this deeply Ware-ian world, it won't be easy"--

What would happen if William Faulkner, James Joyce, Samuel Beckett and Eugene O'Neill drew masterful strips for their Sunday comics pages? Frankly, we'll never know. But in the meantime we'll have The Acme Novelty Library and its eye-tearingly beautiful depictions of longing, despair, melancholy, disappointment, bleakness, lethargy, abandonment, and relentless parental cruelty. Not since Tosca has such utter emotional collapse been so ravishingly depicted. All of Ware's extraordinary cast of characters are here: Jimmy Corrigan, the put-upon sad sack of the space age in Tales of Tomorrow, Rocket Sam, Quimby the Mouse, the Super-man, Sparky the cat, Big Tex, and introducing . . . Rusty Brown - the world's most pathetic over-grown adolescent toy collector and the star of Ware's next magnum opus (which won't be finished for years). Also included are Ware's trademark ingenious make-it-yourself paper toys, including: Rocket Sam's rocket ship, a Victorian 'library' cabinet, and an actual, working stereopticon picture movie viewer! Praise for Jimmy Corrigan: The Smartest Kid on Earth: 'In exchange for your efforts, this haunting and unshakable book will change the way you look at your world.' Time 'Stupendous.' Matt Groening 'Perceptive, poetic and sometimes profound.' Independent 'A work of genius.' Zadie Smith 'An excruciatingly desolate yet wonderfully nuanced portrait of loneliness.' New York Times 'Demanding, disturbing, funny and exciting. Oh yes, and essential.' Time Out 'The colours are dreadful, it's like looking at a bottle of Domestos or Hapric or Ajax. Awful bleak colours, revolting to look at; it's on its way to the Oxfam shop. Disgusting look to it. Really horrible.' Tom Paulin, BBC Newsnight, December 8th, 2001

The Comics of Chris Ware: Drawing Is a Way of Thinking brings together contributions from established and emerging scholars about the comics of Chicago-based cartoonist Chris Ware (b. 1967). Both inside and outside academic circles, Ware's work is rapidly being distinguished as essential to the developing canon of the graphic novel. Winner of the 2001 Guardian First Book Prize for the genre-defining Jimmy Corrigan: The Smartest Kid on Earth, Ware has received numerous accolades from both the literary and comics establishment. This collection addresses the range of Ware's work from his earliest drawings in the 1990s in The ACME Novelty Library and his acclaimed Jimmy Corrigan, to his most recent works-in-progress, "Building Stories" and "Rusty Brown."

Whether one describes them as sequential art, graphic narratives or graphic novels, comics have become a vital part of contemporary culture. Their range of expression contains a tremendous variety of forms, genres and modes from high to low, from serial entertainment for children to complex works of art. This has led to a growing interest in comics as a field of scholarly analysis, as comics studies has established itself as a major branch of criticism. This handbook combines a systematic survey of theories and concepts developed in the field alongside an overview of the most important contexts and themes and a wealth of close readings of seminal works and authors. It will prove to be an indispensable handbook for a large readership, ranging from researchers and instructors to students and anyone else with a general interest in this fascinating medium.

Stragglings behind the mild 2003 success of cartoonist Chris Ware's first facsimile collection of his miscellaneous sketches, notes, and adolescent fantasies arrives this second volume, updating weary readers with Ware's clichéd and outmoded insights from the late twentieth century. Working directly in pen and ink, watercolor, and white-out whenever he makes a mistake, Ware has cannily edited out all legally sensitive and personally incriminating material from his private journals, carefully recomposing each page to simulate the appearance of an ordered mind and established aesthetic directive. All phone numbers, references to ex-girlfriends, "false starts," and embarrassing experiments with unfamiliar drawing media have been generously excised to present the reader with the most pleasant and colorful sketchbook reading experience available. Included are Ware's frustrated doodles for his book covers, angry personal assaults on friends, half-finished comic strips, and lengthy and tiresome fulminations of personal disappointments both social and sexual, as well as his now-beloved drawings of the generally miserable inhabitants of the city of Chicago. All in all, a necessary volume for fans of fine art, water-based media, and personal diatribe. This hardcover is attractively designed and easy to resell.

Immigrants and Comics is an interdisciplinary, themed anthology that focuses on how comics have played a crucial role in representing, constructing, and reifying the immigrant subject and the immigrant experience in popular global culture of the twentieth and twenty-first centuries. Nhora Lucía Serrano and a diverse group of contributors examine immigrant experience as they navigate new socio-political milieus in cartoons, comics, and graphic novels across cultures and time periods. They interrogate how immigration is portrayed in comics and how the "immigrant" was an indispensable and vital trope to the development of the comics medium in the twentieth century. At the heart of the book's interdisciplinary nexus is a critical framework steeped in the ideas of remembrance and commemoration, what Pierre Nora calls lieux de mémoire. This book will be of interest to students and scholars in Visual Studies, Comparative Literature, English, Ethnic Studies, Francophone Studies, American Studies, Hispanic Studies, art history, and museum studies.
