In part one of an EXCLUSIVE two part series, John Gallagher and Peter Gross riff on who they consider Canada's funniest comedians. In this episode, they more or less refer to those good enough to make the top ten, but not so sensational to advance to the final 5, the names of who will be revealed in Episode 37.

Veteran radio and television personality John Gallagher's salacious, voracious, and dangerously delicious memoirs of a life lived on the edge in the midst of some of the world's biggest celebrities. Long-time sportscaster John Gallagher has had close to four decades of hosting some of the top-rated radio and TV shows in Canada and, while he was at it, doing enough drugs to wipe out a small village. Along the way there was plenty of drinking, cavorting, and gallivanting with some of the coolest, biggest, and baddest sports stars and Hollywood celebs around. In Big League Babble On, John spares no one, not even himself. Read about his nights boozing with the likes of Tony Curtis, Stevie Nicks, Colin Farrell, and Leafs head coach Pat Burns. Find out how partying with Gallagher saved Mark Wahlberg's life. Or how he once came a little too close to Princess Di. And the time Muhammad Ali stole John's Penthouse magazine ... for the articles. Gallagher is a pop culture Cuisinart and a walking ☐ but mostly talking ☐ sports almanac. From hot tubbing with Wendel Clark to his friendship and falling-out with Robbie Alomar, Gallagher has met (and often partied with) all of the greats. This book is your backstage pass.

As a long time professional writer contributing to a wide variety of commercial markets John J. Gallagher saw the world of novel writing as the ultimate goal to satisfy a creative imagination. Prior to becoming interested in golf, John experienced sport at the elite level having been a professional and international soccer player. However his interest moved to the game of golf in his senior years and he enjoyed the pleasure of achieving a single figure handicap, being a club champion and held a course record - a result of practicing what he preaches as a motivational consultant and coach. This story combines the game of Match Play an intriguing game, with great story telling. This is a page turner.

"Pugs from outer space want to steal the meatball that gave Max Meow his superpowers, and it's up to Max and Mindy to stop them"--

This popular 1995 work is now available in trade paperback for all those who have still not read a vivid, exciting account of the largest battle of the American Revolution (albeit a crushing American defeat) and for all those who continue to refer to the clash as ☐The Battle of Long Island.☐ At Brooklyn, George Washington commanded the largest army that he would handle throughout the Revolution, and though he did not at first succeed, the fighting that day set the stage for victories to come. ☐In his shot-by-shot account of the largest and bloodiest battle of the American Revolution, Gallagher recreates the fierce encounter of 27 August 1776 in which twenty thousand British, Hessian and Loyalist troops defeated ten thousand patriot soldiers. . . . the book offers many perceptive observations and the author succinctly summarizes the lessons derived . . . this book is recommended reading for those who cherish the heritage of the gallant 'rabble in arms' that risked all for American independence. ☐Long Island Historical Journal☐Long neglected . . . the Battle of Brooklyn is given comprehensive coverage . . . using a lively writing style Gallagher makes it easy to visualize the actual skirmishes by providing interesting details.☐ ☐Flintlock and Powderhorn

In Brooklyn, New York, for a few tense hours in 1776, the fate of the entire United States hung by a thread. The Battle of Brooklyn (sometimes called "The Battle of Long Island") has since come to be recognized as one of history's great battles. It was the largest clash of the Revolution, in terms of both troops and casualties, and it brought the fledgling American republic to the brink of disaster. At the height of the fighting, only the valiant sacrifice of one regiment--the Marylanders--staved off catastrophe. The British army, meanwhile, executed a three-pronged surprise assault with admirable professionalism, turning the wilds of Brooklyn into a killing ground for the British and Hessian troops. One can sympathize with the plight of George Washington, who, charged with the task of defeating the finest army of the Old World, had to mold citizen-soldiers from throughout the thirteen colonies--"patriots"--into a viable military force. At Brooklyn, the young American army did not quite meet its commander's expectations. Still, it remained in the field. And the evacuation conducted after the battle was a masterpiece of efficiency, ensuring that the New World's armed forces would fight another day. Thought the Battle of Brooklyn would prove a victory for the British Empire, it demonstrated to all the American resolve and courage that would eventually result in independence for the United States. "In his shot-by-shot account of the largest and bloodiest battle of the American Revolution, Gallagher recreates the fierce encounter of 27 August 1776 in which twenty thousand British, Hessian and Loyalist troops defeated ten thousand patriot soldiers. . . . the book offers many perceptive observations and the author succinctly summarizes the lessons derived . . . this book is recommended reading for those who cherish the heritage of the gallant 'rabble in arms' that risked all for American independence."-Long Island Historical Journal "Long neglected . . . the Battle of Brooklyn is given comprehensive coverage . . . using a lively writing style Gallagher makes it easy to visualize the actual skirmishes by providing interesting details." -Flintlock and Powderhorn

Meet a secret superhero with CAT-ITUDE--Max Meow, Cat Crusader--in this purr-fectly awesome, hiss-terically funny new graphic novel series! Max is just a regular cat in Kittyopolis, trying to make it big as a podcaster UNTIL he accidentally takes a bite of an RADIOACTIVE SPACE MEATBALL at his best friend, scientist Mindy's, SECRET LAB. Then before you can say MEOWZA, Max becomes...(drum roll!)...THE CAT CRUSADER! Being a super hero is fun (Super strength? Check! Flying? YES!!!)--but not if you get so cocky, you forget your best friend! Will Max learn to listen? Will he and Mindy make up? And together, can Max and Mindy save Kittyopolis from the evil Agent M and BIG BOSS?! Find out in Max Meow: Cat Crusader-a laugh out loud, furr-ociously funny, action-packed new series filled with so many twists, turns, and terrific jokes it makes bad guys FLEA and kids cheer with glee! BONUS: Includes how to draw Max Meow! "Funny, furry and fantastic!" --Judd Winick, New York Times Bestselling Creator of the Hilo series "Max Meow's super heroics will have kids meow-ling with laughter!" --John Patrick Green, creator of the InvestiGators series

From Seed to Apple is published annually. It's a book of inspirational stories & lessons learned from Washington's Teachers of the Year.

"John Gallagher's Reimagining Detroit provides a thought-provoking analysis of a city devastated by deindustrialization and a clear vision for a future Detroit as a smaller, vibrant city. This thinking goes against the grain as many public policy experts and planners believe that fixing Detroit requires a repopulation of the city's current footprint. Policy makers and community leaders should examine Gallagher's paradigm-shifting idea that when you plan for shrinkage, growth happens. Reimagining Detroit is a must-read for all engaged in the hard work of rebuilding Detroit."-Sheila Cockrel, former Detroit city councilwoman and adjunct professor in the Wayne State University Irvin D. Reid Honors College "John Gallagher has done a great job of synthesizing a host of important and emerging ideas that could dramatically change Detroit's future and of presenting them in ways that are clear and vivid and that both practitioners and laypeople will readily grasp. This is a valuable book, not only for Detroiters, but for anyone with a physical, financial, or emotional stake in the future of America's shrinking industrial cities."-Alan Mallach, non-resident senior fellow in the Metropolitan Policy Program at the Brookings Institution and author of Bringing Buildings Back: From Vacant Properties to Community Assets" What is really distinctive about John Gallagher's contribution to the Detroit saga is his perspective. This important and timely book reflects his design/architectural background, his business experience, and the investigative skills he honed at the Detroit Free Press. This rich background is badly needed, as much of the writing about the post-industrial urban future, including Detroit's, is narrow or opinionated or worse, both. Gallagher's book will not be the last to explore the journey that Detroit might take through the twenty-first century, but this road map will be essential reading for all."-Robin Boyle, director of the Department of Urban Studies and Planning at Wayne State University "Whether urban or rural dweller, academic or practitioner, the reader takes from Gallagher a deeper appreciation of both the challenges and opportunities that exist within our cities, challenges and opportunities that will ultimately impact our country."-Jay Williams, mayor of Youngstown, Ohio, from the foreword
