In LOVE: A HISTORY, Simon May chronicles the evolution of Love through the ages, from the Hebrew scriptures to the works of well-known philosophers that have influenced and permeated pop culture. He shows the complex tapestry of Love with all its contradictions as the work of many minds over several thousand years and that in the end it's always up to us to come up with our own definitions.

Love: A History - Simon May - Google Books

Love-unconditional, selfless, unchanging, sincere, and totally accepting-is worshipped today as the West's only universal religion. To challenge it is one of our few remaining taboos. In this pathbreaking and superbly written book, philosopher Simon May does just that, dissecting our resilient ruling ideas of love and showing how they are the product of a long and powerful cultural heritage.

Love: A History by May, Simon (May 10, 2011) Hardcover ...

"Almost two thousand years — and not a single new god!" wrote Nietzsche in 1888. But he was wrong, argues philosopher Simon May: There was a new god, just then emerging, and the new god was human love. The Western tradition's concept of love has undergone a dramatic and important shift, according to May's book "Love: A History."
