Reviewed in the United States on May 5, 2016. Verified Purchase. I have read portions of several economics textbooks and I have to say that Economics, Second Edition (2009) appears to be one of the best. Despite Paul Krugman's reputation as a "leftist" the introductory pages of this text present economics in the favorable light of the classical "invisible hand" market model of economics which Krugman praises enthusiastically in his opening volley .

Economics Second (2nd) Edition By Paul Krugman, Robin ...

Paul Krugman is arguably the best "explainer" among major economists today; I have previously enjoyed many of his popular books (Pop Internationalism, The Return of Depression Economics, etc.). Here he applies his gift to a major textbook. I read the book from cover-to-cover and found it well worth the effort.

Microeconomics by Krugman, Paul, Wells, Robin and a great selection of related books, art and collectibles available now at AbeBooks.co.uk.

When it comes drawing on enduring economic principles to explain current economic realities, there is no one readers trust more than Paul Krugman. With his bestselling introductory textbook (now in a new edition) the Nobel laureate and New York Times columnist is proving to be equally effective in the classroom, with more and more instructors in all types of schools using Krugman ' s signature storytelling style to help them introduce the fundamental principles of economics to all kinds of students.

"Adapted from Macroeconomics, Second edition by Paul Krugman and Robin Wells."

When it comes to explaining fundamental economic principles by drawing on current economic issues and events, there is no one more effective than Nobel laureate and New York Times columnist Paul Krugman and co-author, Robin Wells. In this best-selling introductory textbook, Krugman and Wells ' signature storytelling style and uncanny eye for revealing examples help readers understand how economic concepts play out in our world. This new edition is revised and enhanced throughout, including: Current events framed by the world ' s best communicators of economics. No other text stays as fresh as Krugman and Wells. The authors—who have explained economics to millions through trade books and newspaper columns—offer a new online feature, News Analysis, that pairs journalistic takes on pressing issues with questions based on Bloom ' s taxonomy. Thi s complements the text ' s unparalleled coverage of current topics: sustainability, the economic impact of technology, pressing policy debates, and much more. A richer commitment to broadening students ' understanding of the global economy. With unparalleled insight and clarity, the authors use their hallmark narrative approach to take students outside of the classroom and into our gl obal world. Starting with a new opening story on the economic transformation in China ' s Pearl River Delta, the global focus is carried throughout with more on the ascendance of China ' s economy, the Euro and events in Europe (including Brexit), and post-recession economies around the globe. Thoroughly updated throughout. The fifth edition has been updated to reflect our always changing world. Along with updated graphs and changes in every chapter in the text, the new edition features 12 new chapter-opening stories, 18 new business cases, and 35 new Economics in Action Applications.

Paul Krugman's grasp of economics in action and his uncanny way of translating complex issues into everyday terms have made him the most widely read economist writing for the general public today. He has been awarded the 2008 prize in Economic Sciences for his study of international trade and the effects of globalization. What's new? a- chapter order -- re-organized from the 1st edition to reflect how the subject is taught; b- stronger international focus -- Global issues are dealt with throughout the text and emphasis is placed on looking at topics from an international perspective; c- global Comparison boxes -- uses data driven examples to illustrate the international dimension of economic concepts; d- new chapters on Taxes, Inflation and Unemployment; e- coverage of the financial crisis. Strengths: a- real world

examples, stories, applications and case studies -- These teach the core concepts and motivate learning; b- the writing style is accessible, entertaining and friendly; c- tools for learning. Tools for learning: a- each chapter is structured around a common set of features that helps students learn while keeping them engaged; b- chapter opening summaries -- Each chapter begins with a real-life story that is then integrated throughout the chapter. They illustrate concepts, build intuition and encourage students to think further; c- economics in action -- each chapter closes with a real world case study. -- Description from <http://www.palgrave.com> (Oct. 11, 2011).

Iris Au and Jack Parkinson of the University of Toronto, Scarborough have "Canadianized" the Microeconomics section of Krugman/Wells, Economics, Third Edition, maintaining the structure and spirit of the U.S. version but adapting it to include Canadian examples and stories to appeal more directly to Canadian instructors and students.

When looking to bridge the gap between global economic events and their own daily lives, Americans have increasingly turned to Paul Krugman. His lucid grasp of economics in action and his uncanny way of translating complex issues into everyday terms have made him a bestselling author and the most widely read economist writing for the general public today. That ability to communicate economic concepts clearly and engagingly is at the heart of Macroeconomics, coauthored by Krugman and Robin Wells. The new Second Edition of this bestselling introductory level text (available January 2009) offers more of Krugman ' s signature voice, more coverage of policy, and an extraordinary amount of new examples and explanations, as well as a number of content and organizational changes that are meeting the approval of instructors nationwide. Watch a video interview of Paul Krugman [here](#).

The same unique voice that made Paul Krugman a widely read economist is evident on every page of Economics. The product of the partnership of coauthors Krugman and Robin Wells, the book returns in a new edition. The new edition is informed and informative, solidly grounded in economic fundamentals yet focused on the realities of today's world and the lives of students. It maintains the signature Krugman/Wells story-driven approach while incorporating organizational changes, new content and features, and new media and supplements. Watch a video interview of Paul Krugman [here](#).

When it comes drawing on enduring economic principles to explain current economic realities, there is no one readers trust more than Paul Krugman. With his bestselling introductory textbook (now in a new edition) the Nobel laureate and New York Times columnist is proving to be equally effective in the classroom, with more and more instructors in all types of schools using Krugmans signature storytelling style to help them introduce the fundamental principles of economics to all kinds of students.

Check out preview content for Essentials of Economics [here](#). Essentials of Economics brings the same captivating writing and innovative features of Krugman/Wells to the one-term economics course. Adapted by Kathryn Graddy, it is the ideal text for teaching basic economic principles, with enough real-world applications to help students see the applicability, but not so much detail as to overwhelm them. Watch a video interview of Paul Krugman [here](#).
