The Mutual Fund Guide

Mutual funds are taxed based on the composition of their portfolio and the period for which you stay invested in the fund. If the fund invests at least 65% of its portfolio in equity, there would be equity taxation on the returns earned. If, however, the fund does not have at least 65% of its portfolio in equity, there would be debt taxation.

GUIDE TO MUTUAL FUNDS SECOND EDITION "Picking actively managed mutual funds is no mean challenge. And as the recent era underscores, past performance is of little help. The Morningstar Guide to Mutual Funds helps cut through the fog with a solid volume of constructive information. The central message--'truly diversify, keep it simple, focus on costs, and stick with it'--is not only timeless, it is priceless." --John C. Bogle, founder and former CEO, The Vanguard Group "Successful investors know they must do their own due diligence. Morningstar has done much of that homework in this guide. Leave it to Morningstar to get it right, offering smart ways to pick, build and monitor a portfolio. It's a commonsense guide that should grace every investor's shelf." --Ted David, CNBC Anchor "There's nothing Morningstar doesn't know about mutual funds. And at last, for ready reference, there's a book. You'll find everything here you need to know about managing fund investments, inside or outside a 401(k)." --Jane Bryant Quinn, Newsweek columnist and author of Making the Most of Your Money

"The Mutual Fund Industry Handbook is a remarkably important work . . . I am profoundly impressed by the broad and comprehensive sweep of information and knowledge that this book makes available to industry participants, college and business school students, and anyone else with a serious interest in this industry." -- From the Foreword by John C. Bogle President, Bogle Financial Markets Research Center Founder and former chief executive, The

Vanguard Group A Foreword by John C. Bogle, founder of The Vanguard Group and one of the most respected leaders in the mutual fund industry, sets the stage for this authoritative book that explains the complexities of the phenomenal industry in simple terms. Investors like the fact that mutual funds offer professional management, easy diversification, liquidity, convenience, a wide range of investment choices, and regulatory protection. Mutual Fund Industry Handbook touches on all of those features and focuses on the diverse functions performed in the day-to-day operations of the mutual fund industry. You'll learn about: Front-office functions-analysis, buying, and selling. Back-office functions, including settlement, custody, accounting, and reporting. Commission structures-front-end loads, back-end loads, or level loads. The various fund categories used by the Investment Company Institute, Morningstar, and Lipper. The roles played by fund managers, investment advisors, custodial banks, distributors, transfer agents, and other third-party service providers. If you want a definitive reference on the mutual fund industry, this is the book for you.

An investor's guide to mutual funds advises readers on how to set realistic objectives; how to choose stocks, bonds, and money market funds; how to evaluate dividends, capital gains, and market appreciation; and much, much more. Original.
