You have to take some care with the location of the docking station for the Neato robotic vacuum. The docking station needs access to an electrical outlet, so you'll want to place the station near a wall. Additionally, the robotic vacuum needs three feet of clearance in front of the docking station to maneuver into place for a successful dock.

Min

Contact your Neato customer service in the event of damage. Do not clean the robot, the charge base or the power cable in water or other liquids. Do not use the robot on damp ground or in places in which it can get into contact with liquids or be immersed in water. Do not use the robot in humid environments, such as wet bathrooms.

Neato Botvac

Neato vacuums will automatically return to their charging base when the battery is low. If the floorplan is larger than the robot can cover in one battery charge, the vacuum can recharge and continue cleaning from where its previous session ended. The Neato D7 can run up to 120 minutes on a single charge, though different models have different runtimes. Neato robot vacuums come in various sizes and colors but all include the name (Neato) in lowercase letters on the top of the robot.
