WORK OUT THE COMPOSITION

After gently suggesting the basic head shape with a pencil and very light charcoal, my first step is to put down a simple-yet-strong background colour and mark out the basic composition – I do this so that I'm forced to be brave with my flesh tones right from the start.

Many artists start oil paintings by first creating an underpainting, which is a simple sketch created with one color. An artist can use an underpainting to develop a drawing, as well as the forms, values, planes, and edges that are later added to that drawing. When you create an underpainting, you get a
