This series has a lot to offer and so far it's only 2.5 books along. I started with the second of the Elemental books first and didn't feel that my understanding or my enjoyment suffered. As I read the first, little things came to light or I had small "ahhh" moments, but for the most part, these books are stand alone.

The Expanse Origins Series. 4 primary works • 5 total works. A four-part tie-in prequel series for Syfy's The Expanse. Each issue focuses on a different member of the Rocinante crew. This follows the continuity of the Syfy television series and not the book series. More. Book 1.

#1 NEW YORK TIMES BESTSELLER • OPRAH'S BOOK CLUB PICK • NATIONAL BOOK AWARD LONGLIST • “An instant American classic and almost certainly the keynote nonfiction book of the American century thus far.”—Dwight Garner, The New York Times The Pulitzer Prize–winning, bestselling author of *The Warmth of Other Suns* examines the unspoken caste system that has shaped America and shows how our lives today are still defined by a hierarchy of human divisions. **NAMED THE #1 NONFICTION BOOK OF THE YEAR BY TIME, ONE OF THE TEN BEST BOOKS OF THE YEAR BY People • The Washington Post • Publishers Weekly AND ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • NPR •**

The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not.” In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through an immersive, deeply researched narrative and stories about real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people’s lives and behavior and the nation’s fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball’s Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their out-cast of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. Beautifully written, original, and revealing, *Caste: The*

Get Free Origins Affiliated Series Book 1

Origins of Our Discontents is an eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today.

As haughty, brilliant, and rat-faced Dr. John Heinbaum would undoubtedly say, "I'll be happy to tell you about my discoveries. Explaining my work in such a way that it will be meaningful to a person with as low an IQ as you may be difficult, but I will try my best to make it understandable." "You're a peach, Doc!" Lt. Jerome McPherson, the red-headed Scotsman exclaimed as he baited the egomaniac scientist to provide this brief explanation to my readers. "Ever wondered about the real purpose behind the polio vaccine? How about what really goes on at the secret military base 135 miles north of Las Vegas, Nevada? Ever met a tall, enigmatic person wearing a dark green trench coat, a fancy sombrero, and dark sunglasses?" "The Chrysallaman Empire has colonized every habitable planet in the galaxy, ruthlessly exterminating any sentient race that dared object to their benevolent conquest. Now they have completed a six month exploratory mission on Earth and found it to be an ideal colonization planet with a temperate climate, vast water reserves, lush vegetation, and a ruminant population of semi-intelligent animals called humans who pose no threat to the superior technological, mental, and physical strengths of the mighty Chrysallamans. In fact, when ground into a gritty paste, the humans are quite tasty. By sheer luck, the humans disable one of the Chrysallaman spacecraft in 1947 at Roswell, New Mexico, and capture a Chrysallaman youngster vacationing with his father. Now, with only 65 to 70 years until the Chrysallamans return to Earth with an immense invading fleet of warships and millions of colonists, humans have to prepare mentally, physically, and technologically, for the battle that will determine whether every human lives or dies." "A special group of men and women are chosen to save humanity from the impending invasion. An eccentric scientist, red-headed hellion specializing in reverse

Get Free Origins Affiliated Series Book 1

engineering, DNA specialist, Xenobiologist, and an assortment of specialized military commandos are assembled by the Pentagon into F.O.R.C.E., the Federal Organization for Response to Celestial Enemies. The Chrysallamans just may have met their match!"

Eighteen year old Myla Lewis is a girl who loves two things: kicking ass and kicking ass. She's not your every day quasi-demon, half-demon and half-human, girl. For the past five years, Myla has lived for the days she gets to fight in Purgatory's arena. When souls want a trial by combat for their right to enter heaven or hell, they go up against her, and she hasn't lost a battle yet. But as she starts her senior year at Purgatory High, the arena fights aren't enough to keep her spirits up anymore. When the demons start to act weird, even for demons, and the King of the Demons, Armageddon, shows up at Myla's school, she knows that things are changing and it's not looking good for the quasi-demons. Myla starts to question everything, and doesn't like the answers she finds. What happened seventeen years ago that turned the quasi-demons into slave labor? Why was her mom always so sad? And why won't anyone tell her who her father is? Things heat up when Myla meets Lincoln, the High Prince of the Thrax, a super sexy half-human and half-angel demon hunter. But what's a quasi-demon girl to do when she falls for a demon hunter? It's a good thing that Myla's not afraid of breaking a few rules. With a love worth fighting for, Myla's going to shake up Purgatory.

#1 NEW YORK TIMES BESTSELLER • A dramatic expansion of a groundbreaking work of journalism, *The 1619 Project: A New Origin Story* offers a profoundly revealing vision of the American

Get Free Origins Affiliated Series Book 1

past and present. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • NPR • Esquire • Marie Claire • Kirkus Reviews In late August 1619, a ship arrived in the British colony of Virginia bearing a cargo of twenty to thirty enslaved people from Africa. Their arrival led to the barbaric and unprecedented system of American chattel slavery that would last for the next 250 years. This is sometimes referred to as the country's original sin, but it is more than that: It is the source of so much that still defines the United States. The New York Times Magazine's award-winning "1619 Project" issue reframed our understanding of American history by placing slavery and its continuing legacy at the center of our national narrative. This new book substantially expands on that work, weaving together eighteen essays that explore the legacy of slavery in present-day America with thirty-six poems and works of fiction that illuminate key moments of oppression, struggle, and resistance. The essays show how the inheritance of 1619 reaches into every part of contemporary American society, from politics, music, diet, traffic, and citizenship to capitalism, religion, and our democracy itself. This is a book that speaks directly to our current moment, contextualizing the systems of race and caste within which we operate today. It reveals long-glossed-over truths around our nation's founding and construction—and the way that the legacy of slavery did not end with emancipation, but continues to shape contemporary American life. Only \$3.99 for a limited time to celebrate the launch of book 3, TRICKSTER When it comes to fighting, Prince Lincoln is the greatest demon killer in the history of his people, the thrax. Now Lincoln faces his hardest fight yet...and it's not on a traditional battlefield. The part-angel prince has fallen for a quasi-demon girl. Hard. Trouble is, Lincoln's people see anyone demonic as an enemy be hunted. Soon the girl who's stolen Lincoln's heart, a quasi-demon named Myla Lewis, becomes the number one target of Lincoln's own warriors. It's something the High Prince of the Thrax won't stand for. At all. No matter what, Lincoln will protect his Myla. "Loved this look into Lincoln's head!" – Smada's Book Smack "So addicting! Highly recommend!" – Diary Of A Wannabe Writer "I. LOVE. LINCOLN." – Antonella's Book World Angelbound Lincoln Series Stories from the perspective of Mister the Prince 1. Duty Bound, a novella 2.
