With its exciting introduction of the Harley-Davidson focus company theme, this book continues to provide a solid, enduring foundation of the tools of modern theory while at the same time developing the logic behind their use. The “10 Principles of Finance” (formerly “Axioms” ) provide the framework, or “the big picture” of finance, which ties the major concepts of the book together. A six-part organization covers the

Brealey, Principles of Corporate Finance 13e describes the theory and practice of corporate finance. We hardly need to explain why financial managers must master the practical aspects of their job, but we should spell out why down-to-earth managers need to bother with theory. Throughout this edition, the authors demonstrate how managers use financial theory to solve practical problems. They also explore what financial managers should do to increase company value. Some of the biggest changes in this edition were prompted by the tax changes enacted in the U.S. Tax Cuts and Jobs Act passed in December 2017.

Knowing what to do with your money is more important than ever.

Gitman/Joehnk/Billingsley's market-leading PERSONAL FINANCIAL PLANNING, 13E, provides students with the tools, techniques, and understanding they need to define and achieve their financial goals. The book follows a life-cycle approach--addressing financial plans, assets, credit, insurance, investment, and retirement--as individuals and families progress through life. The latest updates
