The Public Interest Design Institutes curriculum is grounded in the Social Economic Environmental Design® (SEED) mission, principles, and methodology. SEED goes beyond green design with a "triple bottom line" approach that tracks and documents social, economic, and environmental impact. Exemplary case studies and best practices documented in the Public Interest Design Practice Guidebook, the Harvard Case Study, and the annual SEED Awards will be presented and discussed by leaders in the ...

Public interest design is a human-centered and participatory design practice that places emphasis on the "triple bottom line" of sustainable design that includes ecological, economic, and social issues and on designing products, structures, and systems that address issues such as economic development and the preservation of the environment. Starting in the late 1990s, several books,
