The actual origins of Oxford are shrouded in the mists of time, though that didn't stop John Rous, medieval historian, from inventing a rather dramatic genealogy for the city. Rous, writing in his 1490 work Historium Regum Angliae, claims that a city called Caer-Memre was built on the Thames River by King Mempricius during the time that Samuel was Judge in Judea.

Oxford History – Britain Express

Roman Britain was a remarkable and exciting era in the history of Britain and the wider Empire. As such, it has left an exceptional stamp on the landscape and our culture but here it has been reduced to a sterile and fragmented resource for theoretical archaeology.

The Oxford Handbook of Roman Britain (Oxford Handbooks...

An Introduction to Roman Britain (AD 43–C.410) To the Roman world, Britain was an unknown and mysterious land across the sea when Julius Caesar invaded in 55–54 BC. Despite inflicting defeats on the British, Caesar soon made peace with his opponents and returned to Gaul. For almost a century afterwards the kingdoms of Britain were kept quiet with gifts and diplomacy.

The Oxford History of England was a notable book series on the history of the United Kingdom. Published by Oxford University Press, it was originally intended to span from Roman Britain to the outbreak of the First World War in fourteen volumes written by eminent historians. Its series editor, Sir George Clark, contributed the first volume which appeared in 1934. The series as originally contemplated was completed in 1961. However, it was subsequently expanded and updated by further volumes and

Oxford History of England - Wikipedia

Roman Britain Oxford History Of England

Author:Peter Salway. Roman Britain. The Oxford History of England, Vol Ia. Title:Roman Britain. Publisher:Oxford University Press. We appreciate the impact a good book can have. We all like the idea of saving a bit of cash, so when we found out how many good quality used books are out there - we just had to let you know!

More than three hundred illustrations complement a detailed study of Roman Britain, from the pre-Roman Britons and the expeditions of Julius Caesar to the growing influence of Roman social, cultural, and religious institutions on Britain. 'One could not ask for a more meticulous or scholarly assessment of what Britain meant to the Romans, or Rome to Britons, than Peter Salway's Monumental Study' Frederick Raphael, Sunday Times From the invasions of Julius Caesar to the unexpected end of Roman rule in the early fifth century AD and the subsequent collapse of society in Britain, this book is the most authoritative and comprehensive account of Roman Britain ever published for the general reader. Peter Salway's narrative takes into account the latest research including exciting discoveries of recent years, and will be welcomed by anyone interested in Roman Britain.

The Oxford History of Britain tells the story of Britain and its people over two thousand years, from the coming of the Roman legions to the present day. Encompassing political, social, economic, and cultural developments throughout the British Isles, the dramatic narrative is taken up in turn by ten leading historians who offer the fruits of the best modern scholarship to the general reader in an authoritative form. A vivid, sometimes surprising picture emerges of a continuous turmoil of change in every period, and the wider social context of political and economic tension is made clear. But consensus, no less than conflict, is a part of the story: in focusing on elements of continuity down the centuries, the authors bring out that special awareness of identity which has been such a distinctive feature of British society. By relating both these factors in the British experience, and by exploring the many ways in which Britain has shaped and been shaped by contact with Europe and the wider world, this landmark work brings the reader face to face with the past, and the foundations of modern British society. The new edition brings the story into the twenty-first century, covering the changes to British society and culture during the Blair years and the invasion of Iraq and its aftermath.

'The toga was often to be seen among them': with these words the Roman Historian Tacitus describes the Britons adopting the Roman way of life at an early stage of their long history as Roman provincials.

This handbook is currently in development, with individual articles publishing online in advance of print publication. At this time, we cannot add information about unpublished articles in this handbook, however the table of contents will continue to grow as additional articles pass through the review process and are added to the site. Please note that the online publication date for this handbook is the date that the first article in the title was published online. Roman Britain is a critical area of research within the provinces of the Roman empire. Within the last 15-20 years, the study of Roman Britain has been transformed through an enormous amount of new and interesting work which is not reflected in the main stream literature.

First published in The Oxford Illustrated History of Britain, 1984; first published as a Very Short Introduction, 2000.

'The toga was often to be seen among them': with these words the Roman Historian Tacitus describes the Britons adopting the Roman way of life at an early stage of their long history as Roman provincials.

A new edition of this best-selling history of Britain, from Roman times, now updated to cover the first decade of the 21st century. The Oxford History of Britain tells the story of Britain and its people over two thousand years, from the coming of the Roman legions to the present day. Encompassing political, social, economic, and cultural developments throughout the British Isles, the dramatic narrative is taken up in turn by ten leading historians who offer the fruits of the best modern scholarship to the general reader in an authoritative form. A vivid, sometimes surprising picture emerges of a continuous turmoil of change in every period, and the wider social context of political and economic tension is made clear. But consensus, no less than conflict, is a part of the story: in focusing on elements of continuity down the centuries, the authors bring out that special awareness of identity which has been such a distinctive feature of British society. By relating both these factors in the British experience, and by exploring the many ways in which Britain has shaped and been shaped by contact with Europe and the wider world, this landmark work brings the reader face to face with the past, and the foundations of modern British society. This updated new edition (by the original editor) adds great richness by taking the story down from the economic crisis of 2008 to the conflict over Europe at the present day.

"Lucid and engaging . . . should take pride of place on the bookshelf of specialists and non-specialists interested in Roman Britain." —Minerva This illuminating account of Britain as a Roman province sets the Roman conquest and occupation of the island within the larger context of Romano-British society and how it functioned. The author first outlines events from the Iron Age period immediately preceding the conquest in AD 43 to the emperor Honorius's advice to the Britons in 410 to fend for themselves. He then tackles the issues facing Britons after the absorption of their culture by an invading army, including the role of government and the military in the province, religion, commerce, technology, and daily life. For this revised edition, the text, illustrations, and bibliography have been updated to reflect the latest discoveries and research in recent years. The superb illustrations feature reconstruction drawings, dramatic aerial views of Roman remains, and images of Roman villas, mosaics, coins, pottery, and sculpture.
