Journal-Style Scientific Paper - Bates College

The number and the headings of sections may vary among journals, but for the most part a basic structure is maintained. Typically, scientific papers are comprised of the following parts: Title; Abstract; Introduction; Methods; Results; Discussion; Acknowledgments; Literature cited

Sections of a Paper: Structure of a Scientific Paper

Clear scientific writing generally follows a specific format with key sections: an introduction to a particular topic, hypotheses to be tested, a description of methods, key results, and finally, a discussion that ties these results to our broader knowledge of the topic (Day and Gastel 2012). This general format is inherent in most scientific writing and facilitates the transfer of information from author to reader if a few guidelines are followed.
