Il Silenzio (The Silence) is an instrumental piece, with a small spoken Italian lyric, notable for its trumpet theme. It was written in 1965 (see "Origin" below) by trumpet player Nini Rosso, its thematic melody being an extension of the same Italian Cavalry bugle call used by the Russian composer Tchaikovsky to open his Capriccio Italien (often mistaken for the U.S. military bugle call "Taps").

Ever wonder what makes an alarm clock tick? How does it fine-tune its ringer and get the courage to wake people up from a deep sleep? All alarm clocks have the same, singular mission in life, but they are not all the same. Meet Silenzio and his alarm clock family. Silenzio is struggling to overcome a fundamental challenge: his conscience. On this journey of self-discovery, Silenzio looks deep within himself and uncovers his own special gift, just in time to avoid a potential catastrophe.

You don't have to be an opera fan to appreciate this beautifully written memoir by world-famous tenor Andrea Bocelli. Born among the vineyards of Tuscany, Bocelli was still an infant when he developed glaucoma. Music filtering into his room soothed the unsettled child. By the age of twelve he was completely blind, but his passion for music brought light back into his life. Here Bocelli reveals the anguish of his blindness and the transcendent experience of singing. He writes about his loving parents, who nurtured his musical interests, the challenges of learning to read music in Braille and of competing in talent shows, his struggles with law school, and his desire to turn an avocation into a way of life. He describes falling in love and singing in piano bars until his big break in 1992, when a stunned Pavarotti heard him sing "Miserere." The international acclaim and success that have followed Bocelli ever since have done nothing to dull his sense of gratitude and wonder about the world. No classical music fan can afford to be without this engaging and humble memoir of a fascinating and triumphant star.
