GlobalWafers played an integral role in the development of Epitaxy for CMOS applications in 1982 -- a major turning point in the semiconductor industry. By applying an epitaxial layer to the surface of a silicon wafer, this pioneering work by GlobalWafers made advanced applications possible.

Technology - GlobalWafers

WHY CHOOSE GLOBALWAFERS? We are a global leader in semiconductor technology, providing innovative, advanced technology solutions to leading chip manufacturers focused on transforming the foundation of a connected world. With R&D and manufacturing facilities in the U.S., Europe, and Asia, we focus on innovation throughout our business.

Home - GlobalWafers

Headquartered in Munich, Siltronic is a leading manufacturer of silicon wafers used in products such as smartphones, computers, navigation and digital displays. The firm, which has production sites...

GlobalWafers Agrees to Buy Siltronic for About \$4.5 ...

News: Suppliers 17 December 2020. GlobalWafers to take over Siltronic. A business combination agreement (BCA) has been signed under which Taiwan-based silicon wafer manufacturer GlobalWafers Co Ltd will make a voluntary public tender offer of €125 per ordinary share to shareholders of Siltronic AG of Munich, Germany (one of the world ' s largest manufacturers of hyperpure silicon wafers ...

GlobalWafers to take over Siltronic

Semiconductor-grade silicon wafer makers, mainly GlobalWafers, Formosa Sumco Technology (FST) and Wafer Works, have seen demand for 8-inch and smaller models sharply rebound since mid-November ...

Demand for 8-inch and smaller silicon wafers rebounds

" The combination of Siltronic as one of the technology leaders in the wafer sector and GlobalWafers with its excellent supply chain management and competitive cost structure will create a ...

Siltronic agrees to \$4.5 billion takeover by GlobalWafers ...

GlobalWafers is no doubt the professional supplier of all wafer series. Deployment in Europe - Topsisil Semiconductor Materials A/S In the consideration of global strategy and efficient utilizations of resources, GlobalWafers acquired the silicon activities of Topsisil in July, 2016.

About GlobalWafers | GlobalWafers Co., Ltd. All rights ...

GlobalWafers shares had gained 32 per cent in the quarter before the announcement, while the Bloomberg World Semiconductor Index added 14 per cent. Headquartered in Munich, Siltronic is a leading manufacturer of silicon wafers used in products such as smartphones, computers, navigation and digital displays.

Taiwan's GlobalWafers in talks to buy silicon-wafer maker ...

Headquartered in Munich, Siltronic is a leading manufacturer of silicon wafers used in products such as smartphones, computers, navigation and digital displays. The firm, which has production sites and offices in Germany, the US and other advanced manufacturing countries, had global revenues of 1.3 billion euros in 2019.

GlobalWafers in talks to buy Siltronic for 3.75 billion ...

BERLIN (Reuters) - Shares in Siltronic jumped on Monday after the German silicon wafer maker said on Sunday it was in advanced talks to be bought by Taiwan ' s GlobalWafers in a 3.75-billion-euro...
