The Art Of Explanation I Introduction

Lee LeFever, in his book “The Art of Explanation”, captures it well. As he puts it, “You work inside a bubble. Remember that your explanation has to make sense outside of it”. We’re dealing with complex balances, trying to keep our businesses in business, while keeping safety as a core value, meeting targets, keeping people happy. No ...

In this book, The Art of Explanation: General Chemistry, the author shares with you the key concepts of general chemistry with problems sets that allow you to not only work out problems but rather define and discuss the principles of chemistry. When you master understanding the definition, a light bulb in your head will turn on and thus you will know "it" and will be able to explain "it"! You will have mastered the art of explanation!

In How to Explain Absolutely Anything to Absolutely Anyone: The art and science of teacher explanation, Andy Tharby talks teachers through a set of remarkably simple techniques that will help revolutionise the precision and clarity of their message.Explanation is an art form, albeit a slightly mysterious one. We know a great explanation when we see or hear one, yet nevertheless we struggle to pin down the intricacies of the craft Just how exactly is it done?In How to Explain Absolutely Anything to Absolutely Anyone, Andy Tharby eloquently explores the art and science of this undervalued skill and illustrates how improving the quality of explanation can improve the quality of learning. Delving into the wonder of metaphor, the brilliance of repetition and the timeless benefits of storytelling, Andy sets out an evidence-informed approach that will enable teachers to explain tricky concepts so well that their students will not only understand them perfectly, but remember them forever too.By bringing together evidence and ideas from a wide range of sources including cognitive science, educational research and the study of linguistics the book examines how the most effective writers and speakers manage to transform even the most messy, complicated idea into a thing of wondrous, crystalline clarity. Then, by provoking greater thought and contemplation around language choices in the classroom, Andy spells out how the practical tools and techniques discussed can be put into practice.Andy also puts the important role of learner autonomy in context, recognising that there is a time for teachers to talk and a time for pupils to lead their own learning and contends that, in most cases, teachers should first lay out the premise before opening the space for interrogation. Ultimately, How to Explain Absolutely Anything to Absolutely Anyone argues that good teaching is not about talking more or less, but about talking better.Brimming with sensible advice applicable to a range of settings and subjects, this book is suitable for teachers and educators of learners aged 7 to 16

A RADICAL AND CONFRONTING EXPLANATION OF THE HUMAN MIND. Observe humans from an outsider's perspective. The age-old art of human hunting is one you must orchestrate with care. In The Art of Hunting Humans, you'll learn essential facts about Earth's smartest primate and discover mistakes that are common among hunters while in pursuit of their prey. Whether you are an experienced hunter or a novice, this guide is essential reading. In it, you'll learn the major steps for a hunt -- from correct observation and selection of your prey to choosing the tastiest bait. It will reveal how to leverage humans' self-ignorance and strange behaviours and expose flaws of which they are oblivious. At the end of the book, you will have the opportunity to meet the SUPERIORS -- creatures like no other. You'd better be ready! Even if you're a seasoned hunter, The Art of Hunting Humans provides extraordinary insights into human behaviour as well as tips that will blow your mind. Almost everything in this book is a trap. Enjoy!

This Explanation Kills Art notebook makes a great birthday, Christmas or back to school gift.

Men to Avoid in Art and Life pairs classical fine art with modern captions that epitomize the spirit of mansplaining. This hilarious book perfectly captures those relatable moments when a man explains to a woman a subject about which he knows considerably less than she does. Situations include men sharing keen insight on the female anatomy, an eloquent defense of catcalling, or offering sage advice about horseback riding to the woman who owns the horse. • These less qualified men of antiquity dish out mediocrity as if it's pure genius • For the women who have endured overbearing men over the centuries • Written with hilariously painful accuracy "Now, when you're riding a horse, you need to make sure to keep a good grip on the reins." "These are my horses." Through cringe-induced empathy, this timeless gift book of shared experiences unites women across history in one of the most powerful forms of resistance: laughter. • Started as a Twitter thread and quickly gained widespread popularity. • Makes a perfect book for women and feminists with a wry sense of humor, millennials, anyone who loves memes and Internet humor, as well as history and art buffs. • You'll love this book if you love books like Men Explain Things to Me by Rebecca Solnit, Milk and Vine: Inspirational Quotes from Classic Vines by Emily Beck, and Awards For Good Boys: Tales Of Dating, Double Standards, And Doom by Shelby Lorman.

The classic first analysis of the art of flying is back, now in a special 50th anniversary limited edition with a foreword by Cliff Robertson, leatherette binding, and gold foil stamp. Langewiesche shows precisely what the pilot does when he or she flies, just how it's done, and why.

A collection of private works by the late Theodor Geisel, otherwise known as Dr. Seuss, encompasses the highly creative and often whimsical paintings that he created for his own pleasure, as provided by his wife Audrey. 40,000 first printing.
