Answers and offers concrete advice for policymakers interested in improving the institutional capacity of Congress. Binder begins by revisiting the notion of "framers' intent," investigating whether gridlock was the preferred outcome of those who designed the American system of separated powers. Her research suggests

that frequent policy gridlock might instead be an unintended consequence of constitutional design. Next, she explores the ways in which elections and institutions together shape the capacity of Congress and the president to make public law. She examines two facets of its institutional evolution: the emergence of
